

Teacher Recommendation Form

Advanced Institute for Mathematics and Sciences (AIMS)

Student's Name _____

School _____

Current Grade: ___ 8th ___ 9th ___ 10th ___ 11th

The above-named student is applying for **Marian University's 2010 AIMS summer residential program**. This program of math and science enrichment courses is open to students currently enrolled in the 8th, 9th, 10th, or 11th grade who displays an interest in problem solving, mathematics, science, or technology.

This program is NOT exclusively for the gifted and talented. In fact, we wish to encourage students of average ability who might benefit from the recognition and enrichment this program offers. This experience is open to ALL.

Your comments count heavily in our selection process, so please take time to write fully and candidly about this student. Recommendations should be completed by a science, mathematics or technology teacher. Please provide more detailed information about why you believe this student is a good **AIMS** candidate. If you have checked any box "below average," please explain. Thank you for your help in evaluating this student.

	Excellent	Good	Average	Below Average
Works well with others				
Respects authority				
Adapts easily to new surroundings				
Has a positive attitude toward school and learning				
Mathematics achievement				
Science achievement				
Handles conflicts appropriately				
Accepts responsibility for behavior
