

Campus Wi-Fi Setup Guide

Marian University IT Security — Quick Network Connection Guide

WI-FI SETUP

CONNECTING IOS / IPADOS DEVICES

- 1 Open **Settings** and select **Wi-Fi**.
- 2 Under *Other Networks*, tap **MarianSecure**.
- 3 Enter your **Marian Username** (e.g., `jsmith123`) and **Password**, then tap **Join**.
- 4 When prompted with the **Certificate** page (`ise.marian.edu`), tap **Trust** in the top right corner.
- 5 A blue checkmark next to **MarianSecure** confirms you are connected!

WINDOWS DEVICES

- 1 Click the **Wi-Fi icon** in your taskbar (Windows) or status bar
- 2 Select **MarianSecure** and check *Connect Automatically*.
- 3 Enter your Marian **Username** and **Password**.
- 4 If prompted to verify or trust the certificate (`ise.marian.edu`), click **Connect** / **Trust**.

QUICK TIP: FORGET SAVED NETWORKS

If your device fails to connect, **forget ALL Marian networks** (Secure, Guest, PSK) in your device settings. Saved profiles can fight for priority and cause connection blocks.

WHICH NETWORK DO I USE?

MarianSecure

Primary encrypted network for students, faculty, and staff. Use your Marian credentials.

MarianGuest

Unencrypted network for visitors. Requires brief self-registration upon connecting. Provides network access for 24 hours.

MarianPSK

Dedicated network for smart TVs, gaming consoles, and streaming media devices.

Android & Chromebook Configuration

Detailed Settings for MarianSecure

ANDROID & CHROMEBOOK SETUP STEPS

Android and ChromeOS devices require specific security settings to connect to **MarianSecure**. Follow these parameter configurations when prompted:

1. Navigate to **Settings** → **Network & Internet** → **Wi-Fi**.
2. Select **MarianSecure** from the list.
3. Enter the exact configuration fields listed in the table below.
4. Tap **Connect**. (Your device will save these settings for future auto-connecting).

EAP Method	PEAP
Phase 2 Authentication	MSCHAPV2
CA Certificate	Use system certificates
Online Certificate Status	Do not validate
Domain	marian.edu
Identity	Your Marian Username (e.g. jsmith123)
Anonymous Identity	Your Marian Username (e.g. jsmith123)
Password	Your Marian Account Password

? FREQUENTLY ASKED QUESTIONS

Q: Why does my device keep dropping the Wi-Fi connection?

A: Check if your device is saved to both **MarianSecure** and **MarianGuest**. The device may continuously jump between them. Go into Wi-Fi settings and select "Forget Network" on MarianGuest.

Q: How do I connect a Smart TV, Roku, or PlayStation?

A: Media devices without a full web browser should connect to **MarianPSK**. Contact the Help Desk or register your device MAC address via the portal (devices.marian.edu).

Q: What should I include if I submit a Wi-Fi support ticket?

A: Include the affected device type, MAC address, campus building location, exact error message, and the network name you are attempting to join.
