

CASE: Center for Academic Success and Engagement

Providing resources to help you succeed

Where Academic Affairs and Student Affairs meet to provide you resources and services for success.

Academic Advising

Advising is a collaborative process that encourages students to take ownership of their academic experience by exploring dreams, identifying goals, and developing meaningful academic plans. Academic advisors provide advice and support to students as they navigate the path to academic success and graduation.

Academic Advisors:

- Serve as an accurate source of information about general education, program, and graduation requirements.
- Refer students to appropriate campus resources.
- Help advisees discover their strengths, skills, and abilities.
- Celebrate student success and challenge them to reach their full potential.
- Assist students as they design individual academic and post graduate plans.

Exploratory Advising Resources:

- Self-Assessment and Major Exploration
- Marian University Majors, Minors, and Concentrations
- Major and Career Exploration

Academic Engagement

Peer Tutoring

Marian University's peer tutoring program is a free resource and service offered through the Office of Academic Engagement. The goal is to help students develop the confidence and skills necessary to be successful.

The Peer Tutor Center is located in Clare Hall, Room 119. Tutoring is provided on a one-on-one basis or in small groups.

Services are offered for most entry-level courses and some upper-level courses.

Academic Success Coaching

Academic success coaches are professional staff members who meet one-on-one with students. The purpose is to help students develop action plans and identify necessary steps to facilitate academic success. Based on a student's needs, success coaches explore topics such as study strategies, learning preferences, time management, goal setting, academic and student support resources, and campus engagement.

Success Seminars

Each semester, the Office of Academic Engagement offers a series of workshops designed to aid in student success. These 50-minute sessions are high-energy, informative, and interactive.

Students can request a tutor by
visiting tutormatchingservice.com/marian.

Academic Support Services

Marian University recognizes individuals with disabilities as an integral part of a diverse college community and is committed to the provision of comprehensive resources to the faculty, staff, and students of the university in order to create equitable, inclusive, and practical learning environments.

Students requesting services must provide documentation of the disabling condition **prior** to initiation of services. The documentation will be reviewed and determine eligibility for accommodative services.

Most accommodations a student has had in high school or at previous institutions can be implemented at Marian University. All accommodations must be specifically recommended within the documentation provided. Accommodations must be "reasonable and appropriate" as per the ADA and Marian University policy.

Examples include, but are not limited to:

- Extended testing time (50 to 100 percent extra time).
- Reduced distraction environment for testing.
- Readers for exams/transcription of orally presented test answers.
- Enlarged text.
- Use of computers for essay exams.
- Use of recording devices.
- Preferential seating.
- Assistance with accessing recorded books.
- Assistive technology.
- Sign language interpreters.
- Accessible classrooms.
- Note-takers; instructors' notes.

First-Year Experience

Because much of a student's academic success depends on how well they transition from high school to college, we've developed a shared learning experience for all new students, including transfer students.

Through our First-Year Experience (FYE) Program, students take advantage of activities that connect them with faculty outside of the classroom, as well as those that connect you to the greater Indianapolis community.

For more information, contact fye@marian.edu.

21st Century Scholars

In support of the mission and vision of Marian University, the Office of 21st Century Scholars is dedicated to enhancing the educational experience of scholars. Driven by excellence and quality, the Office of 21st Century Scholars aids in the creation, development, and implementation of programs and activities allowing scholars to reach their highest potential.

A sampling of services offered to 21st Century Scholars include:

- 21st Century Scholars lounge area equipped with snacks, microwave, study areas, and school supplies in Clare Hall, Room 117
- 21st Century Scholars staff that are dedicated to supporting scholars
- Career development, community engagement, and academic success programs

Want to know more?
