21st Century Scholars Program
An affordable education is within your reach

Why choose Marian University’s 21st Century Scholars Program?
Here are a few of the programs and services we offer.

Scholar Week/Mentor to Success
This program will engage and empower you as you begin your freshman year. We will connect you with a cohort of peers in similar majors, experienced student mentors, and assist you in your transition to college. In your first year, you will:

• Connect with professors and staff who care about your success.
• Tour campus and find your class locations.
• Learn academic success skills.
• Meet and spend time with your peer mentor.

Scholar Work-Force Development
Since work-force development is important to some scholars, we provide all scholars with the opportunity to work in the Office of 21st Century Scholars or other offices on campus. In partnership with The Exchange, we offer resume building, community mentoring, and positions such as Scholar Interns for Social Change, Scholar Mentors, and scholar office workers.

Scholar Lounge
The 21st Century Scholar Lounge serves as a home base for our scholars. It is a safe space for students to relax, engage with other students, or study. We keep the office stocked with school supplies, personal items, and food for students. We encourage students to get familiar with our office.

Success Coaching
Success coaching is a collaborative effort between scholars and an academic success coach to assess students’ academic standing. Our success coaches are here to ensure our students are successful in the classroom.

Marian University offers academically challenging, faith-filled, and life-changing opportunities for Indiana’s 21st Century Scholars. In fact, we awarded over $30.9 million in grants, scholarships, and financial aid last year.

“" My favorite part about being a scholar mentor is seeing people come into the program and excel at what they want to do in life. With being a 21st Century Scholar mentor, I have grown to be more loving, compassionate, and willing to work with a team to do greater things. I learned to be a strong leader, an active listener, and overall more understanding that not everyone has the same background and we all have a different story to tell.

HANNAH SNYDER ’23

“" The events that the Office of 21st Century Scholars has put together are nothing short of amazing. I feel they are inclusive and the pre-o week is where I met some individuals who will be my friends for life.”

JOMAR SEALS ’22

“" If I was not a scholar, I would not have been involved as much as I am. I wouldn’t have resources or people to reach out to. It would have been different.”
