What Are the Marian University Advantages?

Accelerated.
Marian’s Adult Programs (MAP) courses are offered in five-week terms and eight-week sessions. With nine terms and six sessions per year, you can pick the pace that works with your busy schedule.

Relevant.
Our instructors are highly credentialed, working professionals who understand the challenges facing working adults. They bring real-world experience into your classes to help you succeed in your current job or transition into a new career.

Affordable.
MAP offers real value with tuition rates of $375 per credit hour, and tuition deferral until 28 days after the course ends.

Convenient.
Many of our courses are offered online. Indianapolis area residents may also choose one of our classroom locations: the Marian University campus near downtown, or our location near Keystone at the Crossing.

Accredited.
Regional accreditation is important! Marian University is accredited by The Higher Learning Commission, a commission of the North Central Association of Colleges and Secondary Schools. In addition, our nursing programs are accredited by the Commission on Collegiate Nursing Education and the Indiana State Board of Nurses’ Registration and Nursing Education.

Respected.
Marian University is dedicated to excellent teaching and learning in the Franciscan and liberal arts tradition. Our courses are challenging by design—to prepare you academically and ethically for today’s competitive job market.

Welcoming.
Marian University is a Catholic university sponsored by the Sisters of St. Francis, Oldenburg, Indiana. We welcome students of all faiths and do not discriminate in enrolling students on the basis of age, sex, race, sexual orientation, creed, national or ethnic origin, or disability.

Innovative Programs.

• Health and Human Services
Increase your career opportunities by completing our online degree in Health and Human Services. This program opens up many diverse pathways for you to work within the healthcare and social services arena.

• Business Administration
Marian’s Adult Programs takes a fresh approach in our business courses. Combining the knowledge from your work experiences with what you learn in class, you will assist area businesses in developing real solutions to enhance their organization.

• Online Nursing Prerequisites
Begin your nursing or healthcare career sooner! Anatomy, Physiology, Microbiology, Chemistry, and many other courses are offered in an accelerated, online format.

• RN to BSN
Earning your BSN brings you more opportunities and better job security. Enroll in our online program and take advantage of our long history of training excellent nurses.

• Paralegal Studies

Contact Us.
For more information, or to speak to an academic advisor, call 317.955.6271, or visit us online at www.marian.edu/MAP. Follow us on social media at facebook.com/MariansAdultPrograms and twitter.com/MAP_Indy.
Marian’s Adult Programs takes a fresh approach in our business courses. Combining the knowledge from your work experiences with what you learn in class, you will assist companies and nonprofit organizations in developing real solutions to enhance their business. This gives you a unique insight into the workings and challenges of area employers while also giving back to our community.

**Build Needed Skills.**
With Marian’s Adult Programs, you will learn the skills you need to be successful in today’s ever-changing business climate. Our courses strengthen your technical skills, as well as your ability to work collaboratively, communicate effectively, and analyze problems creatively to help you become a confident and trusted leader.

**Network With Experts.**
This hands-on approach to learning also provides networking opportunities with your instructors and the organizational leaders. Both have extensive business experience and can offer you new perspectives into their areas of expertise.

**Balance Your Education With Your Busy Life.**
Our courses are offered in three formats—classroom-based, online, and hybrid—to accommodate different learning styles. Face-to-face classes are always scheduled in the evening, and you can choose the location you prefer: our westside main campus or our northside location near Keystone at the Crossing.

**Customize Your Degree.**
Enhance your marketability. Choose up to three concentrations that will help you on your career path: Management, Marketing, Human Resources Management, Finance, Business Technology, Meeting and Event Planning, Project Management, and Fundraising Management.

**Build on Prior Learning.**
While your long-term goal may be to earn your bachelor degree, you may want to begin in the associate program. Once your short-term goal is achieved, all of the associate classes automatically transfer to the bachelor degree.

**Admission Requirements**
To be admitted into the Business Administration Program, you must:
- Be at least 23 years of age;
- Have at least three years of work experience;
- Provide all official high school and college transcripts; and
- Have one of the following:
  - a GPA of 2.00 on a 4.00 scale from the last college attended;
  - a high school GPA of 2.30 on a 4.00 scale;
  - a GED score of 51 or above; or
  - a passing TASC score.
Degree Requirements for Business Administration

Earn your Associate of Business Administration degree (ABA) or your Bachelor of Business Administration degree (BBA), or both! All of the courses in the ABA automatically transfer toward your bachelor degree.

Certificates in Business Concentrations

Enhance your current degree by earning a certificate in one of our eight business concentrations. Students have the opportunity to focus on learning additional high-value skills, practices, and concepts that will help them advance their careers, ultimately bringing added value to their employer. Each concentration contains four courses, taken two at a time in two 8-week sessions — completed within one academic semester. Classes are facilitated as a combination of face-to-face and online interactions and typically meet one night a week.

Marian’s Adult Programs takes real-world learning to a new level. The majority of the concentrations are partnered with an area business or non-profit to work on a project. Students learn while helping our community by providing creative solutions for actual operational and marketing challenges. Some of our partner projects have included:

- Recommending fundraising ideas for St. Jude Children’s Research Hospital,
- Developing a promotional video for Indy Parks,
- Creating a marketing plan for Youth Philanthropy Initiative of Indiana, and
- Organizing a career fair for the Indy Fuel.

Business Technology

The Business Technology concentration immerses students in systems analysis, fundamental areas of internet website development and design through lecture, application, and project completion. Current event topics are also incorporated into the curriculum, such as cloud computing and robotics.

- MIS 317 Web Applications Development
- MIS 330 Project Management
- MIS 320 Business Decision Making
- MIS 380 Special Topics in Information Systems

Human Resources Management

This concentration will provide students with the foundational skills and concepts needed in the industry. Students will be exposed to the wide range of responsibilities that fall under human resources and gain an understanding of various issues faced in different industries, with an overall focus on soft skills, ethics, and cultural awareness. Students will also study legal issues faced by managers in the modern workplace and gain the tools on how to leverage technology in an HR office.

- BUS 352 Organizational Behavior
- BUS 361 Talent Management
- BUS 358 Employment Law
- BUS 362 Compensation and Benefits

Project Management

Students examine business project management methodologies used to effectively plan, direct, and control project activities to achieve schedule, budget and performance objectives. A number of decision making strategies are shown in making informed project decisions in delegation, sharing and executing of work, culminating in the execution of a major project for a community partner organization.

- MIS 332 Project Management Methodologies
- MIS 342 Project Planning and Control
- MIS 362 Team Building and Interpersonal Dynamics
- MIS 372 Project Accounting Methods

“Working with decision makers allows our students to blend the classroom with the boardroom. These experiential learning opportunities strengthen students’ analytical skills, increase their networking skills, and improve their professionalism and initiative.”

~Beverly Fernandez, M.A.
MAP Faculty
Marketing

Marketing concentration students will study the tools and techniques of promotional strategies and the elements of the complete selling function, from communication to motivation to ethical and legal issues, including the buying process and personal sales. Students also study the growing global marketplace through strategic analysis of environments and opportunities.

BUS 341 Promotion
BUS 342 Selling and Sales Management
BUS 338 Global Marketing
BUS 346 Marketing Management

Fundraising Management

Students examine theories and concepts of fundraising and recognize technology as a vital tool within the fundraising initiative. They will also study perspectives from highly successful fundraisers and philanthropists on how to identify, engage, and solicit donations and recognize the “ask” as both an art and a science. Students will study Corporate Social Responsibility and be able to understand the potential impacts of CSR on business.

BUS 313 Fundraising Concepts and Best Practices
BUS 321 Growing Trends: Harnessing Technology in Fundraising
BUS 327 The Art of the Ask: Identifying, Engaging and Soliciting Donors
BUS 331 Corporate Social Responsibility

Management

Students enrolled in the Management concentration will study theories and strategies of current leadership trends with a focus on implementing creative ideas in a changing workplace and creative solutions to workplace problems. The curriculum will also include an international business management focus through case studies and analysis of current global affairs.

BUS 330 Leadership
BUS 372 Creativity and Change
BUS 351 Human Resources Management
BUS 450 International Business

Finance

This concentration will provide students with the fundamentals of investments and how they are analyzed and evaluated, as well as a complete evaluation of the commercial banking system in the United States, the international banking system, and other non-bank financial institutions. Students will also study real estate and risk management fields within the financial framework.

FIN 360 Investments
FIN 420 Financial Institutions
FIN 356 Real Estate
FIN 357 Risk and Insurance

Meeting and Event Planning

Students in the Meeting and Event Planning concentration will be exposed to the strategies and desired skill sets that are required in coordinating meetings and events. This course is built on the evaluation and analysis of a variety of case studies which expose the different strategies most effective in meeting and event planning. The concentration culminates in the execution of an event for the chosen program partner.

BUS 345 Strategies of Meeting and Event Planning
BUS 359 Logistics of Meeting and Event Planning
BUS 364 Negotiations and Relationship Management
BUS 369 Capstone: Technology, Promotion and Execution of an Event

“Community partnership projects increase student engagement, open doors to various networking opportunities, and they have helped me gain valuable experience with businesses outside of my current field.”

~Leila Watkins, MAP Class of 2015

☐ Have your most recent official college transcript electronically sent to map@marian.edu, or mailed to: Marian University, Marian’s Adult Programs, 3200 Cold Spring Road, Indianapolis, IN 46222.

For more information, call 317.955.6271, or visit us online at www.marian.edu/MAP.
Health and Human Services

Do you aspire to make a difference within your community, affect societal change, or enjoy caring for others?

**Improve Your Community.**
The mission of health and human services (HHS) is to improve the health and well-being of citizens and their communities. It is an interdisciplinary study that works to prevent and address problems for better overall quality of life. Our Bachelor of Health and Human Services degree offers a combination of real world, career preparation, and general education classes.

**Earn Your Degree Totally Online.**
The health and human services degree is available totally online. Those living in central Indiana may also take advantage of our face-to-face classes, at two locations, for some of the general education courses.

**Take a Leadership Role.**
Although there are similarities, careers in HHS are different than those in public health or social work. Public health jobs typically focus on regulatory, legislative, or environmental issues, while HHS specialists use this knowledge to educate and serve others. Careers in health and human services also go beyond direct individual care. HHS professionals are leaders who often coordinate the delivery of healthcare, and focus on broader scale work within the community.

**Make an Impact.**
The need for well-trained individuals in the diverse field of health and human services is rising across the United States. Graduates may pursue employment as:

- Health Educators
- Community Health Managers
- Laboratory Technicians
- Child Welfare Specialists
- Geriatric Care Managers
- Disability Specialists
- Population Health Coordinators
- Non-Profit Program Directors
- Community Activists
- Quality Improvement Coordinators

HHS professionals often find jobs in elder care facilities, hospitals, clinics, non-profit organizations, legal departments, rehabilitation centers, and government agencies.

**Admission Requirements**
To be admitted into the Health and Human Services Program, you must:
- Provide all official high school and college transcripts; and
- Have one of the following:
  - a GPA of 2.00 on a 4.00 scale from the last college attended;
  - a high school GPA of 2.30 on a 4.00 scale; or
  - a GED score of 51 or above; or a passing TASC score.

**Jobs for health care educators, care givers, and community health workers are expected to grow 21 percent between now and 2022.**

“Medical and health service managers often work closely with medical staff to plan, direct, and coordinate the delivery of healthcare.”

Median pay for these managers was $88,580 per year.

Many adults are looking for a new career direction, and a paralegal career is ranked, in study after study, among the best in the nation. So, why should you choose a certificate or Associate of Science degree in Paralegal Studies from Marian University?

**Jobs Are Available.**
Paralegals aren’t just needed in law firms. Corporations, government agencies, insurance and mortgage companies, and even banks, need paralegals.

**Obtain the Skills You Need.**
Marian’s Adult Program’s challenging curriculum will prepare you with courses that give you the skills you need: writing, research, critical thinking, technology, and communication.

**Network With the Legal Community.**
You will have plenty of opportunities to network, so you can land that great job. Not only do attorneys and paralegals serve as adjunct faculty, our paralegal studies program also includes a personal mentor in the legal field.

**Choose Your Interest Area.**
With our program, you may choose the area of law you’re most interested in: family, criminal, corporate, environmental, personal injury, healthcare, medical malpractice, civil litigation, sports and entertainment, or international.

**Learn Outside the Classroom.**
You’ll even participate in an internship in your area of specialization, preparing you to hit the ground running after graduation. In fact, many of our graduates have gone on to work where they’ve interned.

**Admission Requirements**
To be admitted into the Paralegal Studies Program, you must:
- Provide all official high school and college transcripts; and
- Have one of the following:
  - a GPA of 2.00 on a 4.00 scale from the last college attended;
  - a high school GPA of 2.30 on a 4.00 scale; or
  - a GED score of 51 or above; or a passing TASC score.

---

2 (Indiana Department of Workforce Development, “Hoosiers by the Numbers,” 2016).

---

**The Bureau of Labor Statistics predicts 18.3% employment growth for paralegals between 2010 and 2020. That’s 46,900 added jobs.**

**Legal jobs in Indiana alone, climb 21.2% in 2016.**

“I secured a full-time position at a respected local law firm before I even graduated.”

Melody Schlegel, 2013 Paralegal Studies Graduate (Not pictured)

If you already have a degree, you may want to just earn a certificate in paralegal studies. Take these required legal courses and their prerequisites.

Apply Online Today

☐ Complete the application at www.marian.edu/MAP. Click “Apply Now.”

☐ Pay the non-refundable $35 application fee online at www.afford.com/marian. Select “Make a one-time payment” to begin, and then choose “Marian’s Adult Program Application and Portfolio Fees” from the drop down menu to continue.

☐ Have all official transcripts from high school, colleges, and technical/trade schools electronically sent to map@marian.edu, or mailed to: Marian University, Marian’s Adult Programs, 3200 Cold Spring Road, Indianapolis, IN 46222.

(If you have earned 12 or more transferable credit hours from a regionally accredited college, you are not required to submit your high school transcript.)

For more information, call 317.955.6271, or visit us online at www.marian.edu/MAP.
The Bachelor of Science in Nursing (BSN) is becoming the industry standard.

As an RN, you know that earning your BSN brings you more opportunities and better job security. But, why is Marian University the right place to take your nursing career to the next level?

Take Advantage of Our Reputation.
Marian University has a long and respected history of excellence in training nurses, and the program is framed by the American Association of Colleges of Nursing (AACN) Essentials of Baccalaureate Nursing Education.

Earn Your Degree Faster.
Earn your BSN degree in as little as 16 months so you’re ready to meet the demands of today’s complex health care landscape.

Balance Work, Life, and School.
A fully online program will actively engage you in the learning process while successfully helping you balance your education with work and family responsibilities.

Build Upon Your Skills.
Our faculty will build upon your prior education, expand your knowledge, and refine your physical assessment skills.

Become a Leader.
The program integrates nursing courses with liberal arts courses to provide you with a stronger foundation. Communication, management, and critical thinking skills are enhanced, so our BSN graduates are prepared for advancement opportunities.

Admission Requirements
To be admitted into the RN to BSN Program, you must:
- Have an Associate Degree or diploma with a major in nursing from a NLNAC accredited program;
- Have an active RN license;
- Have a GPA of 2.50 on a 4.00 scale from a prior nursing program; and
- Provide all official college transcripts.

Online Nursing and Healthcare Prerequisites

Are you considering a career in the healthcare industry? Most universities require students to successfully pass prerequisite courses before they apply to nursing and other healthcare related programs. Marian’s Adult Programs (MAP) at Marian University is your one-stop shop for all your prerequisite needs.

Learn Online.

Each course is completed online, the majority of which use electronic textbooks, making it easier to take notes, highlight, and search for information.

Courses are fully online, so you will not need to take proctored tests. While each instructor may conduct his/her class differently, there are windows of time when you may complete exams, labs, and quizzes.

Choose Classes That Fit Your Schedule.

Online classes are either five or eight weeks in length, and students may take one or two classes at a time. With classes beginning 12 different times each year, you’ll find the right class at the right time, so you can complete your prerequisites sooner.

Build a Strong Foundation.

Many institutions offer online courses, but with Marian University’s reputation for rigorous courses and engaged professors, you can feel confident that you have a strong foundation to enter into a challenging nursing or other healthcare program.

Continue Your Education.

While Marian University has regional accreditation, each institution sets its own transfer credit policies. If you intend to earn your nursing degree at another college, we suggest speaking with your registrar or advisor before you register for the online prerequisites.

Getting started is easy. Call an advisor at 317.955.6271 or apply online at www.onlineprereqs.com.

Apply For Online Courses Today

☐ Complete the application at www.onlineprereqs.com — follow the instructions outlined.

☐ Pay the non-refundable $35 application fee online at www.afford.com/marian. Select “Make a one-time payment” to begin, and then choose “Marian’s Adult Program Application and Portfolio Fees” from the drop down menu to continue.

☐ Have your most recent official college transcript electronically sent to map@marian.edu, or mailed to: Marian University, Marian’s Adult Programs, 3200 Cold Spring Road, Indianapolis, IN 46222.

For more information, call an advisor at 317.955.6271 or go to www.marian.edu/MAP.

Online Healthcare Degrees at Marian’s Adult Programs

MAP offers two completely online degrees that will prepare you to enter the healthcare industry or take your existing nursing career to the next level.

Health and Human Services
Earning a Bachelor of Health and Human Services (HHS) degree will give you the skills you need to affect positive change within your community and improve the health and well-being of the population. HHS professionals are leaders who often coordinate the delivery of healthcare and focus on broader scale work within the community. Graduates typically pursue employment in positions such as health care educators, community health managers, case managers, population health coordinators, or non-profit program directors.

RN to BSN
Are you a registered nurse? Now is the time to earn your Bachelor of Science in Nursing (BSN) with our online RN to BSN program. Enjoy additional job security, while becoming a nurse leader in as little as 16 months.

Marian University has a long and respected history of excellence in training nurses, and the program is framed by the American Association of Colleges of Nursing (AACN) Essentials of Baccalaureate Nursing Education.

“My MAP classes were excellent preparation for getting into the nursing program.”
Shelley Brosseau
