Disclaimer
This handbook serves as MU-COM’s official notification to students of its policies, rules, regulations, and standards of conduct. The provisions of this handbook are not to be regarded as a contract between any student and MU-COM. MU-COM reserves the right to change any of the policies, rules, regulations, and standards of conduct at any time (without notice) as may be necessary in the interest of the College. The College also reserves the right to modify or discontinue any of the services, programs, or activities described in this handbook.

General Information
The Founders of Marian University and Our Franciscan Values
Marian University’s identity as a Catholic Franciscan institution is grounded in Jesus Christ. Our faith is ever present and visible in the fabric of the educational philosophy and operation of the university. It guides the way faculty, administration, staff, and students relate to one another and how visitors are welcomed to campus.

Additional information about our history and Franciscan Values can be found here.

Mission Statement
The Marian University College of Osteopathic Medicine is a Catholic medical institution built on the inspired vision and values of our Franciscan heritage, and dedicated to preparing osteopathic physicians who are committed to the complete healing of individuals’ bodies, minds, and spirits. This institution is committed to serving the people of Indiana and to developing osteopathic physicians through research, service, and teaching.

Marian University’s leadership recognized very early that there would be substantial synergy between our Franciscan Values and the Tenets of Osteopathic Medicine. These tenets state:

1. The body is a unit; the person is a unit of body, mind, and spirit.
2. The body is capable of self-regulation, self-healing, and health maintenance.
3. Structure and function are reciprocally interrelated.
4. Rational treatment is based upon an understanding of the basic principles of body unity, self-regulation, and the interrelationship of structure and function.

Hence, the mission of the Marian University College of Osteopathic Medicine is complementary both to the University’s overall mission, vision, and values, and to the Tenets of Osteopathic Medicine.
Philosophy of Osteopathic Education
Patients are more than just the sum of their body parts. That's why doctors of osteopathic medicine (DOs) practice a “whole person” approach to health care. Instead of just treating specific symptoms or diseases, osteopathic physicians concentrate on treating the whole patient.

Osteopathic physicians understand that all the body’s systems are interconnected and each may affect the others. They focus special attention on the musculoskeletal system, which reflects and influences all other body systems.

The musculoskeletal system makes up about two-thirds of the body’s mass, and a routine part of the examination D.O.s give patients is a careful evaluation of these important structures. D.O.s know that the body’s structure plays a critical role in its ability to function. They use their eyes and hands to identify structural problems and to support the body’s natural tendency toward health and self-healing.

Osteopathic physicians also use their ears to listen. D.O.s help patients develop attitudes and lifestyles that don’t just fight illness but also help prevent disease. Millions of Americans prefer this concerned and compassionate care and have made D.O.s their physicians for life.

College Faculty and Leadership
A complete list of faculty, staff and administration of MU-COM can be found here https://www.marian.edu/osteopathic-medical-school/faculty-and-staff.

Notice of Nondiscrimination
MU-COM does not discriminate on the basis of race, ethnicity, color, sex, gender, gender identity, sexual orientation, religion, creed, national origin, age or disabilities in its programs and activities. The following individuals have been designated to handle inquiries regarding the non-discrimination policies:

Ruth Rodgers, Title IX Coordinator, Vice President of Student Success and Engagement & Dean of Students
3200 Cold Spring Road
Indianapolis, IN 46222
(317) 955-6318

Clint Whitson, Deputy Title IX Coordinator
Assistant Dean for Student Affairs
Room 109- Evans Center
Indianapolis, Indiana 46222
(317) 955-6611

Student Concerns: Complaints against Accreditation Standards
MU-COM maintains policies and procedures that include a confidential accreditation standard complaint resolution process that includes a description of how these complaints are filed, resolved through an adjudication process, without retaliation, and maintained through the COM’s records retention system. These policies and procedures can be found in the appendix of this document.
Admissions, Financial Aid and Accessibility
Office of Admissions

The purpose of the Office of Admissions is to identify well-qualified applicants and select those for matriculation that best align with the Mission of MU-COM and the values of Marian University.

Information relating to admissions requirements and the application and selection processes can be found on the Office of Admissions website.

In addition, the office of admissions also engages in community outreach and recruitment. As a student at MU-COM, we encourage you to learn more about what this office and our program have to offer.

Financial Aid
The MU-COM Office of Financial Aid operates on an open-door policy to provide financial aid information and payment options to students, in addition to assistance with loans, scholarships and debt management and budgeting.

Scholarships
Through the generous support of our community partners, MU-COM is able to offer a variety of scholarships to incoming and enrolled students. These scholarships vary in the amount of funding, criteria, timing and focus. Students wishing to apply for these scholarships should review their descriptions, amounts and eligibility requirements on the MU-COM Office of Financial Aid webpage.

In addition to these scholarships, students are encouraged to apply for external opportunities. While not exhaustive, a list of recommended awards are also available on the MU-COM Office of Financial Aid webpage.

Health Requirements
Noncompliance with mandatory health requirements, at any point during a student’s enrollment at MU-COM may prevent matriculation or academic advancement. A list of current health care requirements can be found here https://www.marian.edu/osteopathic-medical-school/admissions/health-requirements.

MU-COM does not waive these requirements for religious reasons or personal preferences, as many of these immunizations and proof of immunity are required by the clinical training sites and are recommended to work with the public in a healthcare setting.

Reasonable Accommodations for Students with Disabilities
In accordance with the Americans with Disabilities Act (ADA), Section 504 of the Rehabilitation Act, and other applicable laws, MU-COM provides reasonable accommodations for otherwise qualified students with verified physical, psychological or learning disabilities. MU-COM accommodations, in compliance with the Americans with Disabilities Act (ADA), are not necessarily equal to ADA accommodations implemented by outside entities, e.g. National Board of Osteopathic Medical Examiners.

An accommodation will not be provided if it would result in the fundamental alteration of the College’s program or educational requirements. One or more trained intermediaries may be
provided to assist the student during the educational program, but not under circumstances where the student’s judgment must be mediated by someone else’s power of selection and observation.

This policy will be administered consistently, fairly, and in a non-discriminatory manner in compliance with the ADA and all other applicable laws. All accepted applicants will be asked to certify they have reviewed these standards and understand continued compliance with these technical standards is a requirement for graduation from MU-COM.

Students with disabilities who have proper documentation must contact the Director of Academic Support Services in the Counseling and Consultation Services Office to set up a documentation review. If, after the review, accommodations are deemed reasonable and appropriate, an accommodation plan will be developed. As per the ADA, no accommodation can be provided until this process is complete. Any student who needs to request an accommodation can contact the Director of Academic Support Services.

Background Checks
MU-COM requires a criminal background check for all students at the time of matriculation and may require additional background checks during a student’s tenure at MU-COM. Students must arrange and pay for the background checks through American Databank.

Student Support Services
The Office of Student Affairs
The Office of Student Affairs is committed to promoting an environment of safety and wellness, leadership development, cognitive development and enhancement, and milestone recognition. It is also our goal to integrate the Franciscan values of dignity of the individual, peace and justice, reconciliation, and responsible stewardship into every facet of campus life. As a student you will find that these values fuse teaching and learning with intellectual, spiritual, moral, and social development.

At Marian University we offer many opportunities for you to become engaged with your faculty and peers inside and outside of the classroom. We suggest you consider building leadership skills through participating in student and professional organizations, maintaining physical and mental wellness through recreation and intramural programs, supporting the community around you through service engagement opportunities, and broadening your intellectual and professional scope by attending cultural, educational, and social events on campus and in the community.

We also offer many academic and advising services to support your educational journey. These range from general academic support, such as strategies for managing stress and test anxiety, to mental health counseling from licensed psychologists. MU also offers accommodation services for students with documented disabilities. In addition, MU provides a full campus police department for your safety and security.

Counseling and Consultation Services
The Counseling and Consultation Services Office is a resource center for the Marian University community. The staff provides academic support services, personal counseling, and consultation to students. Services are provided at no charge to students who are currently enrolled. The Counseling and Consultation Services Office is located in Clare Hall and students may schedule appointments by calling 317.955.6150. Examples of the services provided can be found here (insert link to webpage and policy).
Student Healthcare
The Marian University Student Health Center is located in Clare Hall, 1st Floor West. Appointments are encouraged and walk-ins are seen as the schedule permits. Health management for MU students includes assessment, treatment, education and referral to appropriate medical personnel. In addition to the services offered at MU, each student may choose healthcare providers based on his/her insurance coverage and the type of care needed.

Graduate Student Academic Support Services
The Academic Support Services Program supports all MU students in their quest for academic success. Individual consultation and group workshops are available to assist students who desire additional academic support. Students may seek academic support services for a variety of reasons, including poor academic performance, difficulties with time management and organization, help with study and test-taking strategies, test anxiety, etc. All academic support services provided by MU are offered at no charge to students enrolled at MU-COM. Examples of the services provided can be found here (insert link to webpage and policy).

Graduate Medical Education Advising
The Director of Graduate Medical Education (GME) Advising and Applications provides guidance and support to students during the GME application and selection process. This office provides support for individuals, couples, and groups to discuss the following topics:

- Residency Match planning, resources, statistics, and strategies (Military, Ophthalmology, Urology, NRMP, and SOAP);
- First year summer opportunities;
- Deciding to take the USMLE;
- Office of Student Affairs Canvas course content;
- Clerkship Development Day content follow-up;
- Curriculum Vitae (CV);
- The Electronic Residency Application Service (MyERAS);
- Interview Preparation;
- Letters of Recommendation;
- Medical Student Performance Evaluation Support;
- Personal Statements;
- Alumni engagement and networking opportunities;
- Exploring your options to find the right “fit” for residency;
- Fellowship application preparation;

The Director of Graduate Medical Education Advising and Applications also refers students to career advising consultants in specific specialty areas. Visit http://bit.ly/ChrisParr to schedule an appointment, or please contact Chris Parr at cparr@marian.edu or 317-955-6605 anytime for support.

University Resources
At Marian University you will find many opportunities to engage with faculty, staff and peers both inside and outside the classroom. Specifically, we believe that you will find involvement in a student organization to be both personally and professionally rewarding.
The Marian University Graduate Health Sciences Student Organization Manual is designed to provide you with resources and information regarding your experience with student organizations. You will find information regarding establishing a new student organization, applying for a budget and funding, reserving space on campus for meetings and events, publicizing and marketing meetings and events, fundraising, campus safety, student travel, and more.

To access the Student Organization Manual please follow this link: [C: \ Manual \ MU Grad Health Sciences Student Organization Manual](#)

**Campus Ministry**

Campus Ministry is an essential part of the mission of the total Church. It witnesses to the Gospel by teaching and preaching the Word of God, and by gathering together the community for worship and service. It promotes theological study and reflection on the religious nature of humankind. This ministry sustains the faith community on campus with pastoral care, liturgical worship, and other prayer opportunities, and calls the University community to serve the needs of its members and the wider community.

The director of campus ministry, the campus minister of music and liturgy, and a representative faculty-student ministry committee coordinate the campus ministry services. All students, regardless of religious affiliation, are invited to participate in campus ministry activities.

The Bishop Chartrand Memorial Chapel is the center for liturgical services on campus. Mass is offered daily Sunday through Friday. At the opening of each school year, and on the regularly established holy days, special all-community liturgical celebrations are scheduled.

**Malpractice Insurance Coverage**

Students are covered by Marian University College of Osteopathic Medicine’s professional malpractice insurance while participating in any required or elective course work at MU-COM affiliated hospitals, affiliates or training sites.

Students may participate in unique clinical opportunities outside of the regular curriculum only with prior written approval of the Assistant/Associate Dean for Clinical Affairs in consultation with the MU-COM Dean.

**Mother Theresa Hackelmeier Memorial Library**

The library is staffed by professional librarians whose goal is to meet the research needs of the Marian University community. It holds over 125,000 physical volumes and approximately 200 print journals. The library’s electronic collection is vast; with subscriptions to over 100 databases, there is access to literally thousands of journals across multiple disciplines, and over 150,000 e-books. The health sciences collection includes 1500 electronic medical texts and more than 2700 journals. Interlibrary loan services are available to obtain materials from other libraries. Open computing stations and printers are located on three floors to accommodate student need and access. Study carrels, seminar rooms and an auditorium are also available.

Student IDs are necessary to check out materials from the library, and log in credentials are required to access library resources both on and off campus. For more information about the library, please call 317.955.6090 or visit the website at [http://www.marian.edu/library](http://www.marian.edu/library).
Student IDs
Marian University student identification cards are available through the Marian University Police Department. Students may contact the Department at 317.955.6789 to confirm office hours. Students may pick up a student ID at no charge once the student has been officially accepted into the program. Student IDs are necessary to check out materials from the library, utilize the PE Center facilities, and attend sporting events.

Dining Services
For meal plan information and hours of operation, please visit the Marian University Aramark webpage at http://www.Marian.CampusDish.com for additional information.

On-Campus Housing
Students are responsible for their own living accommodations. There are currently several options available for graduate student housing on campus. Housing options are found here: https://www.marian.edu/Campus-Life/Housing-And-Residence-Life

Change of Name or Address
Notification of a change may be made in one of two ways: Obtain a Change of Name or Change of Address form directly from the Registrar’s Office on the 1st floor of Marian Hall; or go the University’s website: www.marian.edu/current-students/registrar. Students must submit the required documentation to facilitate the change.

Transcript Requests
Official transcripts can only be released to those who have satisfied all financial obligations to the university. To settle financial obligations prior to requesting an official transcript, students must contact the Business Office at 317.955.6020. Unofficial transcripts are available at no charge to students through the MUHUB student portal. Ordering Transcripts for Residency Programs
General Transcript Ordering Process

The transcript ordering process and fee information can be found on the MU Registrar’s website at http://www.marian.edu/current-students/registrar/transcripts

Student Activities

Student Government Association
The MU student government association provides an opportunity for the expression of student views and interest; all currently enrolled students are members. The governing board, elected representatives of the student body, is designed to assist in providing for students’ social, cultural and physical well-being and to help promote better educational standards.

The student government association provides an opportunity for students to participate in the governance of the college. It also affords a means whereby students may gain experience and training through participation in community leadership, for student cooperation and communication with the faculty and administration, and for demonstrating that students may effectively and responsibly govern themselves.
Clubs and Organizations
Opportunities for student involvement are available through specialty areas of medicine, social interest, professional and nationally affiliated clubs and organizations. For a complete list of student organizations please contact the office of student affairs.

Numerous opportunities are available to develop leadership skills, interact with students, faculty and staff, and to share in personally enriching experiences through participation in student government, clubs and organizations and in class offices. Students who wish to engage in these leadership opportunities must be in good academic standing. Please contact the Office of Student Affairs for more information about this requirement.

Participation in National and International Organizations
As students become engaged in local, regional, national and international organizations and associations, the opportunity may arise to be nominated for and serve in positions of national and international leadership. As these opportunities arise, it is essential that these students be of the highest academic achievement and professional character.

As a result, any student seeking to serve in a position representing MU or MU-COM cannot be nominated from the floor, as eligibility must be established by the Assistant/Associate Dean of Student Affairs prior to acceptance of a position.

The Assistant/Associate Dean of Student Affairs will give consideration to elements including, but not limited to, the student’s academic record, professionalism and behavioral record, faculty recommendations and others. The Office of the Dean will provide a written response to the student regarding the student’s eligibility.

Please note that the Dean or the Student Promotion and Academic Progress Committee may require a student to vacate any MU-COM leadership role(s), national or international representative position(s), or travel opportunities if these activities are seen to interfere with the student’s academic success.

Intramurals and Recreation
Consistent with students’ needs and interests, the director of intramurals coordinates a comprehensive program of sports and recreational activities. For the active participant, activities are offered in team sports such as flag football, basketball, softball, volleyball, racquetball, tennis, and dodge ball. Opportunities for participation in low-intensity exercise programs are also provided in such sports as jogging, weightlifting, and aerobics.

Jury Duty
The Assistant/Associate Dean of Student Affairs must be notified as soon as a jury summons is received. Only the court, pursuant to the procedure outlined in the Jury Summons Notice, can grant deferment or excused absence from jury, but the Assistant/Associate Dean of Student Affairs can help navigate your options when responding to the summons.

Information Technology Resources
Canvas
Canvas is the learning management software utilized by MU. Ponopto recordings, power point slides and other materials relevant to your courses can be found here https://marian.instructure.com/login/ldap.
New Innovations
New Innovations is a software platform integral to years 3 and 4 of the curriculum. This platform is utilized by students to schedule rotations, complete evaluations and submission of house affiliation agreements.

Progress IQ
Progress IQ is a software platform that contains student information related to their academic performance, including final grades, evaluations and quintile rank.

American Databank
Compio is American DataBank’s comprehensive tool for student screening, immunizations and compliance. American DataBank offers compliance services, including criminal background checks, credential verification, drug screening and records management. Compio is based upon technology used by the mortgage lending industry, and all medical records entrusted to American DataBank are protected with the highest levels of security. To further ensure protection, communication features are designed in such a way to retain all sensitive information within Compio so sensitive information cannot be accidentally or inadvertently shared inappropriately. American DataBank enables healthcare education program administrators to capture and track background screening results and health records to ensure compliance with clinical site requirements for immunizations, certifications, insurance and other documentation.

Colleague
Colleague is where a student’s permanent record is maintained. Students can log into this platform to view and request transcripts.

Computer Centers
The University provides computing access in different areas of the campus on the needs of the students. The hours available for computing access will vary by area. Wireless access to the local area network and the Internet is available in all campus buildings and residential units.

Labs are available for open computing in the Michael A. Evans Center for Health Sciences 215, Marian Hall 304 Computer Center, and the Library 008. These classrooms support both formal class use as well as open computing access by students, faculty, and staff during non-class times.

Students can access their e-mail through the web at https://webmail.marian.edu. Access to their MUHUB portal is available at https://www.marian.edu/current-students/my-marian. Students who require account assistance may visit the Department of Technology located in Marian Hall, Room 315, contact the Help Desk at 317.955.6444, or submit a Help Desk request.

Changes in Enrollment
Course Drop or Course Withdrawal
A student may withdraw from classes by completing the appropriate withdrawal forms and submitting them to the Office of the Registrar. A schedule for withdrawal from the University and reduction of charges can be found on the Office of the Registrar’s webpage.

Student-Requested Withdrawal from MU-COM
Students should contact the Office of the Registrar to ensure that all procedures are followed and forms completed.

College Required Withdrawal or Leave of Absence
The College reserves the right, and the student, by the act of matriculation, concedes to the College the right to require withdrawal or leave of absence at any time the College deems it necessary to safeguard MU-COM standards of scholarship, conduct, and compliance with regulations or for such other reasons deemed appropriate by the College.
Dismissal
Dismissal is a complete separation from MU-COM. Dismissal from the College may result in charges to the student depending on when the dismissal occurs.

Safety and Security
Campus Police Services
Marian University Police are responsible for a full range of public safety services, including all crime reports, investigations, medical emergencies, fire emergencies, traffic accidents, enforcement of laws regulating underage drinking, the use of controlled substances, weapons, and all other incidents requiring police assistance. The Marian University Police Department is located on the first floor of the Ruth Lilly Student Center. This office may be reached by calling 317.955.6789. If additional assistance is necessary, students should directly contact the Assistant/Associate Dean of Student Affairs.

The Marian University Police provide 24-hour-a-day patrol protection to the campus, including parking lots and residence halls. Marian University police officers are vested with full law enforcement powers and responsibilities.

On-campus services provided by the department include a 24-hour escort service; victim assistance program; motorist assistance program; disabled vehicle program; crime alert program when there is a crime problem in a particular area; crime prevention presentations, emergency management, and safety.

Note: Students who may require assistance in emergency evacuations should consult with their instructor as to the most appropriate procedure to follow. If there are questions regarding such a procedure, contact the Assistant Dean of Student Affairs, Clint Whitson (cwhitson@marian.edu) or the Director of Academic Support Services for additional information.

Policies and Expectations
Mission and Governance
Policy 1.5b: Non-Discrimination
MU-COM promotes a diverse community that embraces all individuals and we are committed to cultivating acceptance, cultural awareness, and dignity of all individuals, as noted in MU’s Franciscan Values.

MU-COM is committed to the development of health, knowledge and overall well-being of all members of the community, regardless of one’s race, ethnicity, color, sex, sexual orientation, gender, gender identity, national origin, age or disabilities, and religion. Complete policy language can be found in the appendix.

Policy 1.6: Degree-Granting Body
The governing body of the COM and Marian University Board of Trustees must confer the degree of Doctor of Osteopathic Medicine (DO) upon those students who have satisfactorily completed the requirements for graduation and have been recommended for graduation by faculty. Complete policy language can be found in the appendix.
Facilities
Policy 4.2: Safety and Security
MU-COM strives to ensure adequate security systems are in place to ensure faculty, staff, and student safety and articulate emergency and disaster preparedness at all COM-operated teaching and training locations. The policy includes methods of communication with students, faculty, and staff at all teaching and training locations. Complete policy language can be found in the appendix.

Learning Environment
Policy 5.1.1: Code of Professional Ethics
MU-COM is committed to excellence in osteopathic education, research, and service. This Code of Professional Ethics is to be adhered to by faculty, staff, students and administration as they strive to excel in each of these areas while focusing on the fundamental principles of equity, accountability, and professional responsibility.

This Code does not address every possible situation. Instead, it establishes a set of general principles and guidelines to which all members of our community shall adhere while at MU-COM. Complete policy language can be found in the appendix.

Policy 5.1.2: Professional Conduct Policy
Students are expected to meet standards of behavior that fall under the definition of "professionalism." In the medical profession, this relates to qualities such as trust, respect, integrity, and competence to patients and the general public. Complete policy language can be found in the appendix.

Policy 5.1.3: Acceptable Use of Information Technology
Students are expected to adhere to the expectations for acceptable uses of technology. This policy specifically addresses the use of recordings of learning activities, file sharing, social medical, and usage of computer network and email. Complete policy language can be found in the appendix.

Policy 5.2: Diversity, Recruitment and Retention
MU-COM recognizes and values the contribution of people with difference in capabilities, experience and perspectives. As a result, MU-COM is committed to the ongoing, systematic, and focused recruitment, selection and retention activities, to achieve mission-appropriate diversity outcomes among its students, faculty, senior administrative staff, and other relevant members of our academic community.

All candidates will be treated fairly, equitably and efficiently, with respect and courtesy, aiming to ensure that the candidate experience is positive, irrespective of the outcome. Complete policy language can be found in the appendix.

Policy 5.3.1: Student Wellbeing, Mental Health and Fatigue Mitigation
MU-COM values the physical and mental health and well-being of every student, faculty, and staff member. We are committed to developing and implementing strategies that promote physical and mental wellness and prevent burnout and physical/mental fatigue. Complete policy language can be found in the appendix.
Policy 5.3.2: Exposure Prevention and Management and Bloodborne Pathogen and Needlestick Exposure
This policy articulates the procedures to be followed in order to promote exposure prevention and respond to bloodborne pathogen and needlestick exposure. Complete policy language can be found in the appendix.

Policy 5.4: Patient Care Supervision
The purpose of this policy is to ensure that students in clinical learning situations involving patient care are under the direct supervision of a licensed health care professional at all times in order to ensure safety. To ensure that all supervised activities are within the scope of practice of the supervising health care professional. To provide clear guidelines to students regarding their role in care and the limits of their scope of authority. Complete policy language can be found in the appendix.

Curriculum
Policy 6.9: Schedule Clinical Education
MU-COM adopted policies and procedures by which all students can complete the entire clinical education curriculum. Complete policy language can be found in the appendix.

Policy 6.11: Comparability Across Clinical Education Sites
MU-COM strives to ensure that the curriculum includes comparable educational experiences and equivalent methods of assessment across core clinical educational sites where students learn, ensuring all students achieve similar outcomes based on core educational learning objectives. Complete policy language can be found in the appendix.

Policy 6.12: COMLEX-USA
All osteopathic medical students must successfully pass COMLEX-USA Level 1, Level 2 CE, and Level 2 PE prior to graduation from MU-COM with a D.O. degree. Complete policy language can be found in the appendix.

Policy 6.12: COMLEX-USA Addendum
Due to ongoing concerns related to the COVID-19 pandemic, the NBOME postponement of COMLEX Level 2-PE testing until September 1, 2020, the scheduling change has complicated the ability of some students with 2021 graduation dates to complete examinations by the end of the 2020-21 academic year. Complete policy language can be found in the appendix.

Scholarly Activity
Policy 8.4: Student Participation in Research and Scholarly Activity
MU-COM support student driven research and scholarly activity, as well as student participation in the research and scholarly activities of the faculty. Complete policy language can be found in the appendix.

Students
Policy 9.1: Minimal Technical Standards
MU-COM is committed to the admission and matriculation of qualified students and does not discriminate on the basis of race, ethnicity, color, sex, sexual orientation, gender, gender
identity, national origin, age or disabilities, and religion. Regarding disabled (or physically challenged) individuals the College will not discriminate against such individuals who are otherwise qualified, but the College expects that minimal technical standards be met by all applicants and students as set forth herein.

Students must have the ability to see, hear, and touch independently to optimally assess the physical, mental, and emotional status of patients. Where a deficiency occurs, it must be compensated with the aid of prosthetics to the extent that the student’s functioning is equal to that of a non-impaired student. Reasonable adaptations are those that will enable the osteopathic student to function independently and, when necessary, in a team-like fashion with other health professionals in an unimpaired manner. Complete policy language can be found in the appendix.

Policy 9.2.1: Code of Student Rights and Responsibilities
MU-COM is committed to promoting a professional, respectful, and nondiscriminatory academic environment. In addition to MU-COM policies, students are required to abide by the University’s established policies and procedures, including all aspects of the Code of Students Rights and Responsibilities.

Policy 9.2.2: Student Promotion and Academic Progress
MU-COM has an obligation to assess student performance from matriculation until graduation, and to endorse each student as meeting the prerequisite knowledge, skills and attitudes for retention, promotion and graduation.

This policy also includes the consideration of student requests to return to the curriculum following leaves of absence that total an excess of one academic year, either continuous or recurrent. Complete policy language can be found in the appendix.

Policy 9.2.3: Tuition and Fees
Tuition and fees are due and payable in full at registration unless special arrangements are made with the Business Office. The Marian University Board of Trustees reserves the right to change the schedule of tuition and fees, without advance notice, and to make such changes applicable to present as well as future students of the MU-COM, and to establish additional fees or charges for special services whenever, in their opinion, such actions are deemed appropriate.

Policy 9.2.4: Attendance – BMS and Pre-clerkship
For required courses, students must follow the requirements outlined in the course syllabus. Receiving an excused absence from a course activity does not affect the expectation that the student will meet the course requirements as outlined in the course syllabus.

Student participation in scheduled courses is expected and can be used in faculty’s assessment of student performance. The MU-COM supports and understands the right of the faculty to expect student attendance and participation in many curricular components and the need to impose consequences if those expectations are not met. Complete policy language can be found in the appendix.

Policy 9.2.5: Attendance – Clerkship
Clerkship students are expected to attend and engage in all learning opportunities as defined by the preceptor or course director unless it violates the Guidelines for Student Clerkship Work Hours. Normal work hours will be determined by the supervising physician or course director and
must meet the educational goals of the clerkship, clinic and hospital service; this may include call, night float, and weekend hours. Complete policy language can be found in the appendix.

Policy 9.2.6: Evaluation and Assessment
Effectual learning is best achieved through the use of well-designed and deployed assessment activities that provide frequent, formative feedback for MU-COM’s students, faculty, staff, and administration. Individual courses are expected to guide and support student learning using evaluation techniques that are valid and reliable. MU-COM’s assessments align with academic norms across medical schools. Complete policy language can be found in the appendix.

Policy 9.3: Transfer and Advanced Standing
This policy articulates the expectations regarding transfer or admissions with advanced standing. MU-COM may only accept credits from a school accredited by COCA or the LCME where the student is eligible for readmission. MU-COM will ensure that if transfer occurs from an LCME accredited school of medicine, the student must acquire OMM/OPP competency prior to graduation from MU-COM. The last two years of education must be completed at MU-COM. Complete policy language can be found in the appendix.

Policy 9.4: Student Recordkeeping and FERPA
To establish an accurate, confidential and secure system for official student record keeping that includes: admissions, advisement, academic and career counseling, evaluation, grading, credits, and the training of faculty and staff in the regulations regarding these records. Complete policy language can be found in the appendix.

Policy 9.8: Mental Health Services
Students will have access to a confidential, effective system of counseling and mental healthcare. A mental health representative must be accessible 24 hours a day, 365 days a year, from all location where students receive education from MU-COM. Complete policy language can be found in the appendix.

Policy 9.10: Non-Academic Health Professionals
Any health professional providing health services, through a physician-patient relationship, must recuse him/herself from the academic assessment or promotion of the student receiving those services. Complete policy language can be found in the appendix.

Policy 9.11: Health Insurance
MU-COM requires that all osteopathic medical students have health insurance. Complete policy language can be found in the appendix.

Graduate Medical Education

Policy 10.1: Osteopathic Education Continuum
MU-COM will ensure that the curriculum provides content of sufficient breadth and depth to prepare students for entry into a graduate medical education program for the subsequent practice of medicine including pre-doctoral curricula, GME, and CME. This curriculum supports the continuum of osteopathic education - including predoctoral education, graduate medical education, and continuing medical education. Complete policy language can be found in the appendix.
Policy 10.2: ACGME Accredited GME  
MU-COM will provide community partners with mechanisms to assist new and existing graduate medical education programs in meeting the requirements for accreditation by the Accreditation Council for Graduate Medical Education. Complete policy language can be found in the appendix.

Addenda

Biomedical Science Master's Program (BMS)

Course Catalog
The Graduate Course Catalog includes information related to a variety of topics that are critical for graduate students to know, including but not limited to: tuition and fees, academic success, financial aid, grading and performance standards, appeals and graduation requirements.

All graduate students are expected to read and abide by the information in the Catalog, which can be found here.

Vision and Mission Statement
Vision: To facilitate the development of knowledge, skills and confidence as students prepare for their chosen profession.

Mission: To foster student goals and resilience through academic rigor, while providing a guided and supportive environment that emphasizes the opportunities available to each individual student.

Curriculum Overview
The Master’s in Biomedical Science has two tracks, a Capstone Track and a Thesis Track. Graduation requirements for each track, along with course descriptions, can be found in the Graduate Course Catalog.

The Capstone Track is a coursework-only track designed to provide the student with comprehensive exposure to a broad array of biomedical sciences, especially those topics that would be encountered in a typical medical school curriculum. This program is designed for students who have had less exposure to upper-level biomedical science courses in their undergraduate experience or for those who would like additional didactic preparation prior to enrolling in medical school.

The Thesis Track is a research-based curriculum providing the student with a unique research experience dependent on the student’s interests. Students in this track take didactic courses to support the development of a research-derived thesis. This program is designed for students interested in pursuing careers in research or students that would like a quality research experience to augment their medical school application and a career as a physician-researcher.

Students enrolled in the research track must submit an “Advisory Committee Composition” form to the COM BMS Program Director via email no later than April 15 of the Spring Semester of their first year in the BMS program. At least one committee member must have a primary appointment outside of MU-COM.
Students who are originally enrolled in the capstone track but wish to convert to the thesis track must submit an “Intent to Convert to Thesis Track” form via email to the COM BMS Program Director. Acceptance into the research track is contingent upon the availability of a qualified research mentor. Assistance will be provided in identifying a mentor.

BMS Specific Events and Opportunities

BMS Council
Students enrolled in the BMS program have the opportunity to participate in the BMS Council. The mission, goals and purpose of the council are to:

- Facilitate projects, speakers, and events to engage members of the Biomedical Sciences student body.
- Allow a platform for open communication between the BMS professors and the MU-COM administration and the BMS student body.
- Facilitate cooperation and communication between the BMS Student Council and student body of the MU-COM SGA and MU-COM student body.

Students interested in participating in this organization should contact Dr. Erica Ausel for additional information.

BMS Ball
Each Spring, all BMS students are invited to the annual BMS Ball to celebrate the year. Information about this event will be communicated by the BMS Council.

Participation in Standing Faculty Committees
Students are encouraged to participate in the Student Wellness Committee and the Curriculum Committee, two standing committees of the BMS program. Interested students should contact the Office of Student Affairs for additional information.

Academic Success and Progress
A student’s academic status (good academic standing, academic probation, and dismissal) is determined based upon criteria outlined in the graduate catalogue which can be found here. https://www.marian.edu/docs/default-source/default-document-library/2019-2020-graduate-catalog-of-programs.pdf?sfvrsn=0

Course Registration
Students must be registered for each term to allow for processing of financial aid. Students must be registered for courses in order to attend classes.

Students who register for courses and realize that they will be unable to attend are responsible for filing the appropriate withdrawal paperwork. Depending on the circumstance, a student can request to drop course(s) or withdraw from course(s). Students are registered for courses by the Program Director, or designee, in accordance with established policies and procedures of the Office of the Registrar.

Appeal Process- Academic Status
Students may appeal an academic dismissal, by adhering to the appeal procedures articulated in the letter of dismissal.

Appeal Process- Course Grade
If, at the end of a term, a student has cause to question the computation or “fairness” of a final grade, an appeal process is available to review the case. That process is articulated in the Graduate Course Catalog.
Application for Graduation
A student must complete the requirements for graduation for the Master of Science degree within three (3) calendar years of initial matriculation. The Office of Student Affairs may grant exceptions to this on an individual basis as stated in the Changes of Enrollment section of this Handbook.

Students must inform the Office of the Registrar of their intent to graduate the MUHUB. Following receipt of the audit, the COM BMS Program Director and the student's Advisory Committee will confirm to the student the acceptance of their graduation application.

The COM BMS program at Marian University schedules graduation dates at the end of the fall and spring semesters. However, Marian University holds a graduation ceremony only following the spring semester. Students are not allowed to participate in the graduation ceremony until all academic qualifications are complete, including the final draft of the Master's Thesis, which must be approved by the student's Advisory Committee and submitted to the COM BMS Program Director no later than April 15, prior to the graduation ceremony. Students are not required to participate in the graduation ceremony. Students graduating in summer or fall may participate in the next regularly scheduled graduation ceremony.

Doctorate of Osteopathic Medicine
Course Catalog
The catalog for the osteopathic medicine program can be found here catalog.

Program Goals and Objectives
Consistent with the mission of Marian University, the College of Osteopathic Medicine will provide:

1. A quality professional education program emphasizing osteopathic training through lifelong learning and scholarly activity in a caring, academic community. This community will include students from Indiana, the nation, and the world.

2. An education that "profoundly transforms lives, society and the world" consistent with the sponsoring Catholic University's four core Franciscan values (dignity of the individual; peace and justice; reconciliation; and responsible stewardship) and the tenets of osteopathic medicine.

3. A curriculum that promotes and measures student competencies with an emphasis on osteopathic clinical services in diverse populations of individuals and cultures, including the underprivileged and medically underserved, in local, regional, national and international environments.

4. A commitment to actively support and encourage hospitals in Indiana and surrounding states in the expansion of graduate medical education either by increasing positions in existing residency and fellowship programs or by creating new programs.

Core Competencies and Entrustable Professional Activities
MU-COM’s curriculum is designed to expose osteopathic medical students to clinical presentations, which represent how a patient (or community) might present for osteopathic medical care and assess the learner’s ability across the osteopathic competency domains and core entrustable professional activities (EPAs).

Competency domains are related sets of foundational abilities representing the required elements and outcomes that define the knowledge, skills, experience, attitudes, values, behaviors, and established professional standards. They constitute a general descriptive framework for the practice of osteopathic medicine: Osteopathic Principles, Practice, and Manipulative Treatment; Patient Care and Procedural Skills;
Application of Knowledge for Osteopathic Medical Practice; Practice-Based Learning and Improvement; Interpersonal and Communication Skills; Professionalism; and Systems-Based Practice.

In order to best meet the needs of the patients they serve and to ensure quality health outcomes, learners are also assessed throughout the curriculum, on the level of supervision required for them to perform the 13 EPAs. It is expected that all osteopathic physicians are able to perform these EPAs without direct supervision on day one of residency. These EPAs provide direct relevancy of the osteopathic competencies as they relate to the work of a physician.

Promotion and Graduation

Student Promotion and Academic Progress

The MU-COM policy for Student Promotion and Academic Progress (SPAP) outlines college standards relating to grading, promotion, retention and graduation. This policy can be found in the appendices of this handbook.

Changes in Enrollment

In addition to the enrollment status changes mentioned above, students enrolled in the osteopathic medicine program, under exceptional circumstances, be granted a Leave of Absence (LOA) from medical school. Any such LOA granted shall be solely within the discretion of MU-COM based upon the merits of the request, evaluated on a case-by-case basis. A student who is considering a LOA should discuss this request with the Assistant/Associate Dean of Student Affairs.

Curriculum Overview

The MU-COM curriculum was designed to facilitate progressive achievement of the seven (7) core competencies enunciated by the National Board of Osteopathic Medical Examiners (NBOME). The competencies serve as the targeted educational outcomes for the D.O. program. The competencies include:

1. Osteopathic Principles, Practice, and Manipulative Treatment: The student will apply osteopathic principles to the delivery of all aspects of patient care.
2. Patient Care and Procedural Skills: The student will demonstrate the essential knowledge, skills, and dispositions required to appropriately and compassionately care for patients.
3. Medical Knowledge: The student will demonstrate the appropriate knowledge of the clinical and biomedical sciences and their application to patient care.
4. Practice-Based Learning and Improvement: The student will investigate and evaluate patient care practices based on the principles of evidence-based medicine.
5. Interpersonal and Communication Skills: The student will exhibit interpersonal and communication skills to appropriately interact with patients, families, and professionals.
6. Professionalism: The student will demonstrate the ethical, behavioral, and social science principles required for patient care and professional practice.
7. Systems-Based Practice: The student will display awareness of health systems and global issues that impact healthcare and patient communities.

MU-COM also reviews student progress related to the core entrustable professional activities (EPAs) using the competency crosswalk created by the American Association of Colleges of Osteopathic Medicine (AACOM).

Pre-Clerkship Curriculum

The first two years of osteopathic medical education introduce students to the fundamental scientific concepts as they apply to the study of medicine. Courses are systems-based, with
foundational clinical cases and group study. The curriculum is competency based with student assessment of learning and skills. Exposure to clinical medicine with an emphasis on osteopathic principles and practice are woven throughout the entire 4-year curriculum.

**Clerkship Curriculum**

Clerkship rotations are designed to provide students with a broad and diverse range of clinical experiences to enrich their education and expose them to fields of medicine that may be future career options. To this end, in addition to their Core Rotations (Family Medicine, Internal Medicine, Surgery, Pediatrics, Psychiatry Obstetrics/Gynecology, and Emergency Medicine) students are also required to participate in the following clerkship experiences: Primary Care Selective, Internal Medicine Selective, Surgery Selective, Sub-Internship, and Electives. This type of clinical clerkship curriculum will allow the students to be successful in any field of medicine. Third- and fourth-year students will engage in rotations that are delivered in a variety of modalities. Methods of delivery include, but are not limited to: direct patient care, simulated training, virtual clinical education, Telehealth and Telemedicine.

**Core Clerkships**

Successful completion of all core clerkships is required for graduation.

**Regional Core Clerkships**

Core clerkships are classified as regional when they are located more than 65 miles from the MU-COM campus. Students can expect to participate in at least 2 regional core clerkships during their third year. Due to the geographic distance from campus, MU-COM provides housing for students placed in regional core clerkships.

**Selective and Elective Clerkships**

While in their 4th year, students work with the Clerkship Coordinators to schedule their selective/elective clerkships. These clerkships provide opportunities for students to explore areas of professional interest. They are either ½ month or 1 month in length and can be clinical or non-clinical.

**Clinical Elective:**

- A clinical elective provides an experience that relates to patient care and can include, but are not limited to: simulated training, telehealth, telemedicine and online clinical rotations.

**Non-Clinical Elective:**

- A non-clinical elective provides an academic or research-based experience. In the absence of extenuating circumstances, a total of 2 clerkships taken can be non-clinical. Requests to enroll in additional non-clinical electives must be approved by the Assistant/Associate Dean of Clinical Affairs (or his/her designee).
- No non-clinical electives can be taken during a student’s 3rd year without written approval from the Assistant/Associate Dean of Clinical Affairs (or his/her designee).

**Other Important Information about Selectives/Electives**

- **International Rotations:** No international rotations are available for the 2020-2021 academic year.
- **Family:** Students can complete one elective or selective clerkship with a family member serving as their preceptor. Students will not be allowed to complete core clerkships with immediate family as their preceptor.
- **Preceptor:** A student can only rotate with the same preceptor a maximum of 3 months during their clerkship years.
- **Specialty:** During the fourth year, a student is limited to a maximum of 5 months in any given specialty area.
- If a student does not schedule a non-core clerkship at least 45 days prior to the start date, the Clerkship Coordinator will place the student on an available clerkship.
- Some elective clerkships require payment of administrative fees. Travel, housing, and administrative fees are the responsibility of the student.
- A student cannot start a clerkship if not enrolled prior to the first day of the clerkship.

**Evaluations**

All clerkships (both 3rd and 4th year) require the completion of the preceptor evaluation of the student within 7 calendar days from the end of the clerkship. All Core Rotations require both the student’s evaluation of the clerkship and the preceptor evaluation of the student within 7 calendar days from the end of the clerkship. All third year evaluations must be submitted for promotion to fourth year, and all fourth year evaluations must be submitted prior to graduation.

**Academic Development Days**

Academic Days occur during the students’ third year. The Academic Days are designed to build upon the practical, cognitive, and professional skills introduced in the pre-clerkship years and Colloquium

During the Academic Days students will expand their knowledge and skills related to the seven Osteopathic Core Competencies and the Entrustable Professional Activities through guided practice and both formative and summative assessments. The students will also participate in OSCEs (Objective Structured Clinical Examinations) and multiple clinical presentation based OMM hands-on sessions with MU-COM faculty.

**Colloquium 1 and 2**

The Clinical Colloquium are month-long courses that osteopathic medical students complete during their third and fourth years of education. These courses are designed to teach students the practical and professional skills necessary to become competent and compassionate osteopathic physicians. The goal of the Colloquium Courses is to assist students with the transition to clerkship training and ultimately graduate medical education. During both Colloquium the students will expand their knowledge and skills related to the seven Osteopathic Core Competencies and the Entrustable Professional Activities

**COMAT Exams**

The National Board of Osteopathic Medical Examiners (NBOME) has developed a series of eight tests on CORE clinical disciplines that will be used as an end of rotation exam. These exams will assess the achievement level of the students on these particular disciplines after they have completed their clinical rotation. COMAT exams focus on clinical applications and thoroughly assess the students’ knowledge of osteopathic principles and practices. The eight disciplines currently available include Family Medicine, Internal Medicine, Obstetrics/Gynecology, Osteopathic Principles and Practice, Pediatrics, Psychiatry, Surgery and Emergency Medicine. Students are required to obtain a passing score the rotation’s COMAT exam in order to pass the rotation.

COMAT examination outlines, learner expectations and practice exams for each discipline can be found at [http://www.nbome.org/comat](http://www.nbome.org/comat).

**Additional Requirements**

**Immunizations and Certifications**

Prior to beginning clerkships, all MU-COM students must have completed and submitted documentation related to immunization records, HIPAA training, bloodborne pathogen training,
BLS certification, a 10-panel drug screen to their training site, any other certification requirements as determined by a clinical training site.

**Drug Screening**
All MU-COM students are required to submit to a ten-panel drug screen prior to beginning clerkships. Students must use American Databank to schedule these screens.

The approved sites will report all results directly to MU-COM Student Affairs. It is required that the students complete the process a minimum of thirty (30) days prior to the first day of clerkships.

In addition to the initial drug screening, clinical rotation sites may request students to submit a more current or a more extensive drug screening in order to begin their rotations. Positive results will be reviewed and appropriately referred for any additional actions or sanctions.

**SCOPE**

Describe what and to whom this policy applies

This policy applies to all MU-COM faculty, staff, and students.

**POLICY STATEMENT**

MU-COM promotes a diverse community that embraces all individuals and we are committed to cultivating acceptance, cultural awareness, and dignity of all individuals, as noted in MU’s Franciscan Values.
MU-COM is committed to the development of health, knowledge and overall well-being of all members of the community, regardless of one’s race, ethnicity, color, sex, sexual orientation, gender, gender identity, national origin, age or disabilities, and religion.

Describe policy and reason for policy

Policy intro:

This policy statement is in response to COCA accreditation standard 1.5b and applies to all individuals within the MU-COM community.

MU-COM is committed to equal opportunity in employment and education. The College recruits, hires, promotes, educates and provides services to persons based upon their individual qualifications, and discrimination on basis of race, ethnicity, color, sex, sexual orientation, gender, gender identity, national origin, age or disabilities, and religion is strictly prohibited.

As an equal opportunity employer, MU-COM subscribes to the principles and adheres to the requirements of state and federal law pertaining to civil rights and equal opportunity, in accordance with the requirements of Title VI of the Civil Rights Act of 1964, as amended; the American’s with Disabilities Act of 1990 and section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (20 USC § 1092(f)).

Appendix B: Leadership and Administration
Policy 2.4: Accreditation Standard Complaint Policies and Procedures
SCOPE
Describe what and to whom this policy applies

This policy applies to any individual who believes MU-COM is not in compliance with a COCA accreditation standard.

POLICY STATEMENT
Describe policy and reason for policy

A COM must publish policies and procedures that include a confidential accreditation standard complaint resolution process that includes a description of how these complaints are filed, resolved through an adjudication process, without retaliation, and maintained through the COM’s records retention system. The accreditation standard complaint filing process must include a process for filing confidential complaints with the COCA and the contact information of the COCA.

Policy intro:
This policy statement is in response to COCA accreditation standard 2.4 and applies to any individual who believes MU-COM is not in compliance with a COCA accreditation standard.

Any individual who believes MU-COM is not in compliance with a COCA accreditation standard has the right to communicate that concern to the Assistant/Associate Dean of Accreditation, Logistics, and Advancement.

If there continues to be a perception of non-compliance with a COCA accreditation standard, a formal complaint can be filed with the Assistant/Associate Dean of Accreditation, Logistics, and Advancement.

- The complaint must be in writing, signed and dated.
- Anonymous complaints will not be accepted.
- The complaint must identify the COCA standard in question and provide an explanation as to why the complainant perceives the COM is not in compliance.
Upon receipt, the complaint will be reviewed by the Dean’s Cabinet. The Cabinet will then assign a task force of at least 2 members to more fully investigate the nature and validity of the complaint. Within 30 calendar days, the task force will provide a report to the Dean’s Cabinet. The report will include:

- The details of the complaint (including the COCA standard in question)
- Finds that support or refute the complaint
- Recommended corrective action, if applicable

In consultation with his/her cabinet, the Dean may choose to accept the report as complete and accurate or may determine additional information is needed or further action is indicated.

A final determination will be provided to the complainant in writing, and will detail the findings of the review and the corrective action identified, if applicable. If the complaint pertains to a standing committee of the COM, the final report will be provided to the appropriate committee.

Alternatively, an individual may also file a confidential complaint related to accreditation standards or requirements. Complaint review procedures are established to protect the integrity and the maintenance of accreditation standards and procedures as they relate to Marian University College of Osteopathic Medicine (MU-COM) having recognition from the American Osteopathic Association’s (AOA) Commission on Osteopathic College Accreditation (COCA).

The complaint must be in writing and signed by the complainant. All signed complaints must be submitted to the COCA Secretary, Department of Accreditation, 142 E. Ontario Street, Chicago, IL 60611 or via email to predoc@osteopathic.org.

MU-COM prohibits taking retaliatory action against any individual who files a good faith complaint in accordance with this policy.

| ADMINISTRATOR RESPONSIBLE | Assistant/Associate Dean of Student Affairs |

SCOPE
Describe what and to whom this policy applies

This policy applies to all individuals within Marian University.

POLICY STATEMENT
Describe policy and reason for policy

To ensure that adequate security systems are in place to ensure faculty, staff, and student safety and articulate emergency and disaster preparedness at all COM-operated teaching and training locations. The policy includes methods of communication with students, faculty, and staff at all teaching and training locations.

Policy intro:

This policy statement is in response to COCA accreditation standard 4.2 and applies to all individuals within the MU-COM community.

Campus Police Services
Marian University Police are responsible for a full range of public safety services, including all crime reports, investigations, medical emergencies, fire emergencies, traffic accidents, enforcement of laws regulating underage drinking, the use of controlled substances, weapons, and all other incidents requiring police assistance. The Marian University Police Department is located on the first floor of the Ruth Lilly Student Center. This office may be reached by calling 317.955.6789. If additional assistance is necessary, students should directly contact the Assistant/Associate Dean of Student Affairs.
The Marian University Police provide 24-hour-a-day patrol protection to the campus, including parking lots and residence halls. Marian University police officers are vested with full law enforcement powers and responsibilities.

On-campus services provided by the department include a 24-hour escort service; victim assistance program; motorist assistance program; disabled vehicle program; crime alert program when there is a crime problem in a particular area; crime prevention presentations, emergency management, and safety.

Note: Students who may require assistance in emergency evacuations should consult with their instructor as to the most appropriate procedure to follow. If there are questions regarding such a procedure, contact the Assistant Dean of Student Affairs, Clint Whitson (cwhitson@marian.edu) or the Director of Academic Support Services for additional information.

Campus Shield App
Marian University has partnered with the Campus Shield app to increase the safety of all members of the MU community, both on and off campus. Download the CampusShield app from the Play Store or App Store for free. Allow location services and connect to wi-fi for the best results. More information about the app can be found here: https://www.marian.edu/campus-life/campus-safety/campus-shield-app

Campus Shield
Marian University has partnered with the CampusShield app to increase your safety on and off campus. Allow location services and connect to wi-fi for the best results https://www.marian.edu/campus-life/campus-safety/campus-shield-app

Campus Parking
Please refer to the Marian University Campus map for student/faculty parking locations. If you need a parking pass, please visit the Marian University Police Department during normal business hours. MU-COM students must abide by campus regulations and policies listed on the MU Campus Safety website here: https://www.marian.edu/campus-life/campus-safety/frequently-asked-questions.

Inclement Weather
In rare occurrences, inclement weather or adverse campus conditions may necessitate the canceling of classes and/or shutting down office operations. MU-COM may be open even if the rest of the University is closed. Students are responsible for checking with notification sites and/or email. If students are concerned about commuting to class in extreme weather conditions, those students should use their best judgment and notify their professor if unable to attend class.

Weather related decisions affecting Marian University will be announced via the following media outlets:
  Radio        Television
The MU-COM Inclement Weather policy does not apply to students participating in clerkship rotations, unless they are scheduled to be on campus. Students are to follow the instructions of their current preceptor and the Inclement Weather Policy at their designated clerkship rotation site. If students are concerned about commuting in extreme weather conditions, they should use their best judgment and notify their preceptor if they are unable to attend.

**Emergency Procedures**

Emergency procedures for the following situations can be found here.  

- General Emergency Procedures
- Active Shooter
- Bomb Threat
- Building Structural Damage
- Campus/Building Lockdowns
- Criminal Activity
- Demonstration/Disturbance on Campus
- Earthquake
- Evacuation
- Fire
- Hazardous Spill Material
- Medical Emergency/Ambulance
- Severe Weather Conditions
- Shelter-in-Place
- Suspicious Object/Package/Letter
- Tornado
- Utility Failure

**Parking during Clinical Experiences**

During the course of study at MU-COM, students will visit, train in, and/or reside at locations off campus (“offsite locations”) to further their education. MU-COM has no control over the safety and security procedures at these offsite locations. Students are to be mindful of their own safety and security and to familiarize themselves with the policies, practices and procedures regarding safety and security at these offsite locations.

Administrative Responsible Officer: Assistant/Associate Dean of Academic Affairs

SCOPE
Describe what and to whom this policy applies

MU-COM is committed to excellence in osteopathic education, research, and service. This Code of Professional Ethics is to be adhered to by faculty, staff, students and administration as they strive to excel in each of these areas while focusing on the fundamental principles of equity, accountability, and professional responsibility. This Code does not address every possible situation. Instead, it establishes a set of general principles and guidelines to which all members of our community shall adhere while at MU-COM.

This Code does not supersede other Marian University (MU) or MU-COM policies, regulations, agreements or guidelines. All faculty, staff, administrators and students shall adhere to MU and MU-COM policies, procedures, agreements and guidelines. Violations of any of the aforementioned regulations, or this Code, are subject to disciplinary action, up to and including termination or dismissal.

POLICY STATEMENT
Describe policy and reason for policy

To ensure the learning environment is conducive to the ongoing development of professional behaviors in students, faculty and staff and is one in which all individuals are treated with respect. Including exposure to aspects of patient safety, cultural competence, and interprofessional collaborative practice.

TERMS AND DEFINITIONS
Define any acronyms, jargon, or terms that might have multiple meanings.
TERM | DEFINITION
--- | ---
AOA | American Osteopathic Association

Policy intro:

This policy statement is in response to COCA accreditation standard 9.2 and applies to all MU-COM faculty, staff and students.

Section 1: Professional Interaction

1. The relationship between students and MU-COM faculty, staff, students and administrators shall be carried out in an environment that focuses on education, professionalism, and ethical conduct.

2. Students will receive guidance, leadership, and instruction from faculty, staff, and administration. Behavior that interferes with professional development, including harassment, discrimination and violence, will never be tolerated. MU-COM faculty, staff and administrators can expect students to be accountable for their learning experience and to make an appropriate effort to acquire the skills and knowledge necessary to become effective physicians.

3. Likewise, interactions between faculty, staff and administrators shall model professional behavior.

4. Additional rights and responsibilities of faculty, staff, administrators and students can be found within the faculty handbook, policy on professionalism, code of student rights and responsibilities, and MU policies, regulations and ordinances regarding academic honesty and integrity.

Section 2: Harassment and Discrimination

1. MU-COM is committed to maintaining an environment of respect and inclusivity.

2. Harassment and discrimination, in any form, whether based upon an individual's race, ethnicity, color, sex, sexual orientation, gender, gender identity, national origin, age or disabilities, and religion is strictly prohibited.

3. University policies may be found at sexual harassment, sexual misconduct and equal employment & non-discrimination.

Section 3: Legal Obedience

1. All MU-COM faculty, staff, administrators and students shall act lawfully, and in compliance with all applicable state and federal laws and with all MU and MU-COM policies, agreements, and guidelines.

2. This includes interaction with third parties and commercial entities.

Section 4: Confidentiality
1. MU-COM faculty, staff, and administrators with access to confidential information shall maintain the confidentiality and privacy of that information in order to protect all involved parties.

2. Also, faculty, staff and administrators shall maintain the confidentiality of oral communications and shall respect the privacy and rights of students and disclose protected information only when authorized (student rights under the family educational rights and privacy act), for a legitimate business purpose, or as required by law.

Section 5: Workplace Conduct

1. It is the responsibility of all MU-COM faculty, staff, administrators and students to create and maintain a workplace that is built upon honesty, professionalism, and ethical standards.

2. If a suspicion arises regarding a violation of any of these areas, or any other misconduct, a report should be made through the appropriate University or college channels, as outlined in applicable University policies or specific department guidelines.

Section 6: Research and Scholarly Activity

1. While conducting research, within the United States or abroad, MU-COM faculty, staff, administrators and students shall adhere to all relevant laws, regulations, and standards, including those adopted by MU (research integrity mission statement and guidelines for integrity in research and creative activities), and shall do so while maintaining high ethical standards and intellectual honesty.

Section 7: Use of Facilities and Equipment

1. MU-COM faculty, staff, administrators and students shall use all University equipment and facilities efficiently, economically, and for authorized University purposes only, unless expressed permission has been granted for personal use in accordance with University policy.

Section 8: Conflict of Interest

1. A conflict of interest includes any situation, whether actual or perceived, where there is a reasonable expectation of direct or indirect benefit or loss (either financial or non-financial) for an individual with a personal interest that could be influenced in favor of that interest, in the performance of their duties.

2. MU-COM faculty, staff, and administrators shall take appropriate steps to avoid or resolve any situation or relationship which may compromise the performance of their responsibilities.

3. Examples of potential conflicts of interest include, but are not limited to: professional and personal relationships, gifts or benefits, and research conduct.

4. University conflict of interest policies may be found at conflict of interest.

Section 9: Professional Development

1. MU-COM seeks to enhance the students' academic experience and to promote innovation in medical education.
2. All MU-COM faculty, staff, and administrators shall continually maintain and develop knowledge and understanding of their field or area of expertise.

3. Active efforts should be made to seek out ways to improve individual and student performance.

4. Also, MU-COM faculty, staff and administrators should continually maintain and develop and understanding of overall College organization and processes.

Section 10: AOA Code of Ethics

1. MU-COM has adopted the AOA Code of ethics, and all faculty, staff, students and administrators of MU-COM shall adhere to the guidelines outlined therein.

ADMINISTRATOR RESPONSIBLE

Assistant/Associate Dean of Academic Affairs

SCOPE

Describe what and to whom this policy applies

Students are expected to meet standards of behavior that fall under the definition of “professionalism.” In the medical profession, this relates to qualities such as trust, respect, integrity, and competence to patients and the general public.
POLICY STATEMENT

Describe policy and reason for policy

To ensure the learning environment is conducive to the ongoing development of professional behaviors in students, faculty and staff and is one in which all individuals are treated with respect. Including exposure to aspects of patient safety, cultural competence, and interprofessional collaborative practice.

</tr>
</tbody>
</table>
Policy intro:

1.5.1 Reporting:

1.5.1.1 Any member of the MU community who has reason to believe that a student has violated this policy can report suspected violations to the Assistant/Associate Dean of Student Affairs (ADSA).

1.5.1.2 The ADSA, or designee, will assess the facts and relevant information relating to the allegation and will meet with the accused student or students.

1.5.1.3 The ADSA, or designee, will determine whether the allegations should be:

i. Dismissed and closed without findings.

ii. Referred to CPE for coaching and mentoring.

iii. Referred for review and resolution by the CPE.

iv. Referred to the University’s Dean of Students for resolution in accordance with the code of student rights and responsibilities.

v. Referred to the title IX coordinator for investigation and resolution.

vi. Referred to the MU Police Department for investigation and resolution.

1.5.2 CPE Hearing:

1.5.2.1 If review and resolution by CPE is warranted, the ADSA, or designee, will notify the accused student in writing at least 7 business days in advance of the hearing. This notice will include, the:

i. Allegations with sufficient specificity to prepare a response

ii. Time and place of the hearing

iii. Documentary evidence that ADSA, or designee, plans to present to the CPE

Other Student Behavior

Student conduct that is not unique to physicians in training, will not be adjudicated by this policy. Instead, it will be reviewed and resolved by the processes outlined in the code of student rights and responsibilities.
1.5.2.2 The student may be accompanied to the hearing by an advocate. This advocate cannot be the student’s personal attorney.

1.5.2.3 A student must provide documentary evidence and the name of his or her advocate, if applicable, at least 3 business days before the scheduled hearing date.

1.5.2.4 The CPE members are the sole arbiters of the evidence and information provided, and will determine the validity of the allegations and any resulting sanctions.

1.5.3 Sanctions: One or more of the following sanctions may be imposed upon any student for any single violation of this policy.

1.5.3.1 Warning: A written notice will be sent to the student who violated this policy. It will specify what inappropriate and unacceptable actions occurred and that more severe conduct will result should other violations occur while the student is enrolled at the University.

1.5.3.2 Community/University Service Requirements: Completion of supervised University/community service for the number of hours specified.

1.5.3.3 Behavioral Requirement: This includes required activities such as, but not limited to, seeking academic or personal counseling or substance abuse screening, at cost to the student; writing a letter of apology, etc.

1.5.3.4 Educational Program: Imposition of a requirement to attend, present, or participate in a program related to the violation. A reflection paper regarding the violation or topic may be assigned.

1.5.3.5 Probation: Official notice that, should further violations of this policy occur during a specified probationary period, the student may face suspension or expulsion. Regular probationary meetings may also be imposed.

1.5.3.6 Suspension: The student is separated from the University for a specified period of time, and upon the satisfaction of specific conditions, after which the student is eligible to return.

1.5.3.7 Expulsion: The student is permanently separated from the University.

1.5.3.8 Other Sanctions: Additional or alternate sanctions may be created and designed as deemed appropriate to the offense.

1.5.3.9 Interim Suspension: If the health, safety, or welfare of patients, the College, or the University requires immediate action, the ASDA, after consultation with the MUCOM Dean, may impose an interim suspension, conditions or restrictions on the student. The student may request a meeting with the ASDA or designee to demonstrate why an interim suspension is not merited.
1.5.4 Urgent Cases: When alleged conduct threatens immediate or irreparable harm to patients, the community or to self, the student shall be placed on interim suspension by the ADSA, or designee.

1.5.4.1 The ADSA shall convene, within 3 business days, a fact-finding hearing. Based on this fact-finding hearing, the ADSA, or designee, will determine whether there is sufficient evidence to justify continuation of the interim suspension. The student will be notified of the time and place of the fact-finding hearing and shall have the right to be present, to be informed of the particulars of the allegation, and to speak on his or her own behalf.

1.5.4.2 Based upon the fact-finding hearing, if there is sufficient evidence that the student has engaged in conduct that threatens immediate or irreparable harm to a member of the MU community or a patient, interim suspension will be upheld. This decision will be communicated to the CPE.

1.5.4.3 Upon receiving notification that a student has been suspended following a fact-finding hearing, the normal procedures for conducting a hearing will be instituted. The student will remain suspended pending a decision by the CPE.

1.5.4.4 If the fact-finder does not find sufficient evidence to justify a suspension, the suspension will be lifted. The ADSA, or designee, will forward its conclusions in writing to the CPE and normal procedures for conducting a hearing will be instituted.

1.5.5 Notification of Outcomes

1.5.5.1 The CPE chair will report the Committee’s findings, judgment and sanctions in writing to the ADSA within seven business days of conclusion of the meeting.

1.5.5.2 The ADSA will inform the student in writing of the judgment and any sanctions, and the procedure for an appeal to the grievance committee with a copy to the Dean and the Office of the Registrar.

1.5.5.3 On inquiry, MUCOM, as permitted by law or with consent of the student, will release information regarding conduct records and sanctions to employers, licensing agencies, certifying boards, graduate programs, government background inspectors and transfer institutions.

1.5.6 Appeal: A student can appeal the decision of the CPE in accordance with published CPE procedures.

SCOPE

Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

POLICY STATEMENT

Describe policy and reason for policy

Students are expected to adhere to the expectations for acceptable uses of technology. This policy specifically addresses the use of recordings of learning activities, file sharing, social media, and usage of computer networks and email.

Policy Introduction:

This policy statement is in response to COCA accreditation standard 5.1 and applies to all students enrolled at MU-COM.
Audio or Video Recordings
Students may not use electronic or other devices to make an audio or video record of any person while on the University premises without prior knowledge and without his or her expressed consent.

Recordings of Learning Activities
Learning activities in the lecture hall, lab and other classrooms have the capability of recording demonstrations, PowerPoints, and audio through Panopto and being posted in the Canvas course. Except when indicated in a course syllabus, learning activities and presentations are recorded for student access and review.

Lecture capture is susceptible to user, hardware, and software failure. In the event of a failed recording, faculty are not expected to re-record the lecture. Students who choose to miss the learning activity are aware of the possibility of lack of access to recordings due to recording errors.

In addition, the rights of an individual in regard to his or her own oral presentations, visual presentations, computer programs, graphics, etc. must be honored. As a result, faculty, students, and other presenters are under no obligation to permit the recording or duplication of their presentations or academic material.

Peer-to-Peer File Sharing
The College has implemented measures within the MU-COM information system that prevent the use of Peer-to-Peer file sharing applications on all campus network computers. However, students should be aware of the implications and risks of using such applications on personal computers. Students are not permitted to post MU-COM educational materials on any internet site, including Anki, Quizlet, etc.

Copying or distributing copyrighted media such as presentation slides, images, songs, movies, software, etc. without authorization from the copyright owner may constitute copyright infringement, and be a violation of the code of student’s rights and responsibilities, the MU-COM code of professional ethics or the policy on professionalism.

Social Media
The failure to follow relevant codes of conduct and policies relating to behavior, including interactions and postings online and through social media, may result in disciplinary action, including dismissal.

Usage of Computer Network and Email
The Marian University email system supports communication between all College users, including students, faculty, staff and administration. All academic, administrative and financial information distributed electronically will be transmitted exclusively via MU email. It is the responsibility of all students to check their campus email every day – students will be held responsible for all notices or announcements sent to them in this manner.

Use of the MU computer network is for educational and informational purposes. All students are responsible for using the MU Computer Labs in a professional, efficient, ethical, and lawful manner. The use of this system is a privilege, not a right, which may be revoked at any time for misuse.
Illegal, fraudulent, harassing or obscene messages and/or materials are not to be sent, printed, requested or stored. Chain letters and other forms of mass mailings are not allowed. To request an exception (which is rarely granted), students must speak to the Assistant/Associate Dean for Student Affairs. Violations of the Computer Usage Policy may result in disciplinary action.

**SCOPE**

Describe what and to whom this policy applies

This policy applies to all vacancies and all parts of the recruitment, selection and retention process within MU-C.

All employees involved at any stage of the recruitment and selection of staff, faculty, administration or students should be aware of and adhere to the contents of this policy and any related policies and procedures.

**POLICY STATEMENT**

Describe policy and reason for policy
MU – COM recognizes and values the contribution of people with difference in capabilities, experience and perspectives. As a result, MU-COM is committed to the ongoing, systematic, and focused recruitment, selection and retention activities, to achieve mission-appropriate diversity outcomes among its students, faculty, senior administrative staff, and other relevant members of our academic community.

All candidates will be treated fairly, equitably and efficiently, with respect and courtesy, aiming to ensure that candidate experience is positive, irrespective of the outcome.

</tr>
</tbody>
</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 5.2 and applies to all vacancies and all parts of the recruitment, selection and retention process within MU-COM.

MU-COM is committed to:
- A workplace culture that is inclusive and embraces individual differences.
- Equal employment opportunities based on ability, performance and potential.
- Flexible work practices and policies that support employees and their changing needs
- Attraction, retention and development of a diverse range of talented, competent and committed people.

Equal opportunity is integral to the recruitment and selection practices at MU-COM and we recognize the value of recruiting, selecting and promoting employees with different backgrounds, knowledge, experiences, perspectives and beliefs. MU-COM actively engages in outreach efforts to minority, women and other diverse organizations to create and foster diverse applicant pools.

MU-COM recognizes the needs of individuals to balance family and personal lives with work. Employees may require flexible working arrangements and may, for a range of reasons, seek to alter their working arrangements. MU-COM will consider requests for flexible working arrangements on a case- by- case basis, considering the merit of the proposed arrangement, personal circumstances of the employee, the nature of the employment and the impact on the respective business area.

Employees from various cultures and religions are welcomed and valued. Employees who have cultural or religious commitments are supported to participate in these activities through flexible work arrangements.
Gender equality at all levels of the organization is a key component of our diversity strategy. This includes and equitable representation of women and men at all levels of management.

MU-COM ensures that recruitment and selection decisions are based on the ability of the applicant to meet the requirements of the job description, person specification and any other relevant criteria. All applicants and employees will be treated fairly and according to this policy and procedure, and our relevant equality policies.

Particular care will be taken to ensure that this policy is fairly applied and there is no discrimination on the grounds of race or ethnic origin, disability, gender or gender identity, caring responsibilities, sexual orientation, religion or belief, age or any other requirement that cannot be objectively justified.

MU-COM will fulfil its legal duties, ensuring that “reasonable accommodations”, where practicable, are made to ensure that individuals with a disability are not disadvantaged as part of the recruitment, selection and retention process.

</tr>
</tbody>
</table>
SCOPE
Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

POLICY STATEMENT
Describe policy and reason for policy

To promote the wellbeing and mental health of MU-COM students and identify resources available. Also, to articulate resources available for fatigue mitigation.

Policy intro:
This policy statement is in response to COCA accreditation standard 5.3 and applies to all students enrolled at MU-COM.

Mental Health and Wellness

MU-COM values the physical and mental health and well-being of every student, faculty, and staff member. We are committed to developing and implementing strategies that promote physical and mental wellness, prevent burnout and physical/mental fatigue.

MU-COM will provide members of the faculty, staff and student body with the resources necessary to assist in the identification of burnout, sleep deprivation and fatigue in themselves and others. Strategies for how to mitigate these symptoms will also be provided.

In addition, periodic wellness sessions for students, faculty, and staff will be provided and will include programming on wellness topics such as diet, exercise, time and stress management techniques, burnout, resilience, relaxation, fatigue mitigation, etc.

Fatigue Mitigation

All students will participate in learning events relating to the impact of sleep deprivation and fatigue, and will be exposed to strategies to better manage and mitigate their effects.

A student’s work schedule during years 3 and 4 will be dependent upon their clerkship assignment. Students should seek clarification of their schedule as needed to ensure that they may optimize the clinical experience.
Assigned clinical duties, rounds, and on-site educational programs are considered part of the student’s work hours, activities such as independent study, reading for assignments, and preparing for shelf examinations are not and should not be included in a tally of work hours.

Students should be assigned to no more than 80 hours per week, averaged over a 4-week period, and should have at least one day off in every seven-day period or two consecutive days off in every fourteen-day period.

Students are expected to self-monitor their assigned hours. If a student believes that he or she is being asked to exceed these duty hours during any clerkship, he or she must immediately consult the Division of Student Affairs.

Driving while fatigued can put you and others at risk. Signs of drowsiness include difficulty focusing on the road or keeping your eyes open, nodding off, yawning, drifting from one lane to another, and missing exits. Avoid driving if you’re tired. Instead of driving, consider getting a ride home with a friend, use public transportation (when available), a taxi or ride sharing service.

Alternatively, you can contact your preceptor to find an on call (or similarly designated room) to sleep. If you experience signs of fatigue while driving, you are encouraged to immediately stop driving and find a safe location and nap.

Policy 5.3.2: Exposure Prevention and Management and Bloodborne Pathogen and Needlestick Exposure

SCOPE
Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

POLICY STATEMENT
Describe policy and reason for policy

To articulate the policies and procedures to be followed in order to promote exposure prevention and respond to bloodborne pathogen and needlestick exposure.

Policy intro:

This policy statement is in response to COCA accreditation standard 5.3 and applies to all students enrolled at MU-COM.

Exposure Prevention and Management
MU-COM students who are on clinical experiences as part of the preclerkship or clerkship requirements are expected to utilize appropriate clinical precautions and abide by applicable policies and procedures of the College and the clinical training site.

Bloodborne Pathogen and Needlestick Exposure
In the case of Needlestick/exposure to blood and/or bodily fluids students must:
1. Immediately wash the area with soap and water and then apply direct pressure to stop bleeding if needed.

2. If blood or a bodily fluid has come in contact with the skin, eyes, nose, or mouth thoroughly flush the exposed area with saline or water for a minimum of 15 minutes. If available use the closest wash station. Remove contact lenses from eye if necessary.

3. Immediately report the incident to your preceptor or charge nurse at your current location and complete any necessary steps required by the clinical site’s exposure policy.

4. Immediately seek medical treatment, if necessary, at the nearest health care facility. Payment of any treatment is the student’s responsibility.

5. All results from blood draws or lab work are to be faxed to the Marian University Student Health Center, 317-955-6133.

6. Students are to complete a Student Incident/Injury Report form and fax one copy to the Student Health Center and one the Assistant/Associate Dean of Student Affairs.

7. Students are to follow up with the healthcare providers at the MARIAN Student Health Center following an exposure. The providers at the Student Health Center will review any test or lab results with the student. If necessary the healthcare provider will refer the student to outside providers for further treatment.

The Instructor of Record shall serve as a point of contact for any incidents involving students on clerkship rotations.

Policy 5.4: Patient Care Supervision

| POLICY NAME | Accreditation Standard 5.4: Patient Care Supervision | POLICY NO. | 5.4 |
SCOPE
Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

POLICY STATEMENT
Describe policy and reason for policy

To ensure that students in clinical learning situations involving patient care are under the direct supervision of a licensed health care professional at all times in order to ensure safety. To ensure that all supervised activities are within the scope of practice of the supervising health care professional. To provide clear guidelines to students regarding their role in care and the limits of their scope of authority.

TERMS AND DEFINITIONS
Define any acronyms, jargon, or terms that might have multiple meanings.

<table>

<th>DEFINITION</th>
</tr>
</thead>
<tbody>
<tr>
<td>AOA</td>
<td>American Osteopathic Association</td>
</tr>
</tbody>
</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 5.4 and applies to all students enrolled at MU-COM.

Medical students participating in clinical activities and in patient care must be supervised by physicians, nurses and other licensed practitioners who are practicing within the scope of their own practice as delineated by the credentialing body of the clinical site.

Faculty supervising students must be in good standing, and credentialed by the medical school’s affiliated-institution where the faculty member practices.
Medical students with any concern regarding clinical, administrative, educational, or safety issues during a clerkship will contact the supervising physician or Assistant/Associate Dean of Clinical Affairs.

### Appendix E: Curriculum Policies

**ADMINISTRATOR RESPONSIBLE**

Assistant/Associate Dean for the Continuum of Physician Education and the Assistant/Associate Dean of Clinical Affairs

**SCOPE**

Describe what and to whom this policy applies

This policy applies to the entire clinical education curriculum.

**POLICY STATEMENT**

Describe policy and reason for policy
MU-COM adopted policies and procedures by which all students can complete the entire clinical education curriculum.

Policy intro:
This policy statement is in response to COCA accreditation standard 6.9 and applies to the entire clinical education curriculum.

Student clinical education experiences will be scheduled utilizing the corresponding monthly scheduling responsibility and elective scheduling procedures. Students will be notified of MU-COM coordinated schedules by the beginning of each academic semester.

If an originally assigned core clerkship rotation site becomes unavailable, impacted students will be assigned to a different location. MU-COM will attempt to reassign this rotation without impacting an existing schedule. If an affected student’s schedule is impacted and needs to be re-scheduled, he or she will still have access to the experiences necessary to satisfy all existing educational requirements.

In the event that a catastrophic event occurs precluding core rotations at a specific site or location, MU-COM may offer distance learning or utilize alternative methods of instruction in response. These alternative methods of instruction may include, but are not limited to: offering alternative rotations, simulated training, virtual clinical education, Telehealth and telemedicine experiences.

Alternate methods of instruction will be thoroughly considered, and there will be documented justification for decisions made, and steps taken to ensure students satisfy existing educational requirements and learning objectives. Examples of alternative methods may include, but are not limited to:

- Identification of alternate sites for students to complete rotations
- Facilitation of online or distance learning
- Re-schedule student vacation time to accommodate switching rotation schedules
- Re-schedule some classes to the summer or fall so students can finish on time
- Offer teleconference options with clinical scenarios

During this time, MU-COM will consult COCA staff with questions regarding the consistency of these decisions with COCA requirements and standards, and will communicate plans and decisions to the COCA in a regular and timely manner.
With respect to Standard 6.3, if a student who is affected by interruptions to their education due to a pandemic, or catastrophic event, MU-COM will extend those students time commensurate with the time missed due to the disruption.

<tr>
<td>Primary Clinical Partner</td>
<td>A clinical institution that accepts more than 100 students during a calendar year.</td>
</tr>
<tr>
<td>Student Feedback Reports</td>
<td>A qualitative and quantitative summary of student feedback received upon completion of a core clinical rotation.</td>
</tr>
</tbody>
</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 6.11 and applies to all institutions in which MU-COM students are placed for core clinical rotations.

External Review
- Student feedback reports will be provided bi-annually to all Primary Clinical Partners.
- Non-Primary Clinical Partners will receive aggregate data by location after a minimum of 10 students have completed core rotations at their site, determined by absolute numbers, not calendar year.
- Additional data may be provided if done in accordance with this policy and corresponding procedures.

Administrative Review
- Student feedback reports related to clinical sites where students engage in core rotations will be reviewed bi-annually by the Assistant/Associate Dean for Clinical Affairs, Assistant/Associate Dean for the Continuum for Physician Education and Clinical Coordinators.

MU-COM Curriculum Committee Review
- Data relevant to Primary Clinical Partners will be presented to the curriculum committee bi-annually.
- Aggregate data reviewed will include, but are not limited to: student feedback reports, COMAT scores, overall student grades, student evaluation of preceptor, student evaluation of site, and additional data related to the education provided by the preceptor and clinical site.
- Additional data may be requested by the Committee if not otherwise provided.

MU-COM Clinical Chair Review
- Data relevant to Primary Clinical Partners will be presented to the Clinical Chairs bi-annually.
- Aggregate data reviewed will include, but are not limited to: student feedback reports, COMAT scores, overall student grades, student evaluation of preceptor, student evaluation of site, and additional data related to the education provided by the preceptor and clinical site.
- Additional data may be requested by the Committee if not otherwise provided.
- Upon review, Clinical Chairs will make recommendations to the MU-COM Curriculum Committee if curricular modifications or enhancements were identified. The MU-COM Curriculum Committee will make the final determination as to whether modifications are warranted.

Outcomes

- If a core site, or preceptor at a core site, receives consistent student feedback that demonstrates academic needs or objectives are not being met, the Assistant/Associate Dean of Clinical Affairs, or the Assistant/Associate Dean of Physician Education Continuum will determine if continued placement of students with the relevant site or preceptor is warranted.
- If the curriculum committee determines that a site where core rotations are completed does not provide MU-COM students with the opportunity to achieve similar outcomes based on core educational learning objectives, the Committee will identify the requirements necessary to remediate the identified deficiencies.
  - These identified requirements will be articulated to the relevant clinical site to ensure the curriculum includes comparable educational experiences and equivalent methods of assessment across core clinical educational sites where students learn.
- MU-COM reserves the right to suspend any student placement where the site has been deemed unsafe or inadequate to provide quality education and supervision for students. This determination can be made at any time by the Dean of MU-COM, or designee.

</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 6.12 and applies to all students enrolled at MU-COM.

All students must take the COMLEX-USA Level 1 score before June 26th of their second year in order to enter their clerkship rotations, unless an extension is granted by the Assistant/Associate Dean of Student Affairs. Students who do not receive a passing score on COMLEX-USA Level 1 by January 1st of their third year will be removed from rotations, and be required to appear before the Student Promotion and Academic Progress Committee (SPAPC), unless an extension is granted by the Assistant/Associate Dean of Student Affairs.

Students who successfully pass all required courses in years 1 and 2 of the curriculum will be conditionally promoted to year 3 pending achievement of a passing score on COMLEX-USA Level 1. If a student fails COMLEX Level 1, they are required to meet with the Assistant/Associate Dean of Clinical Affairs to determine the most appropriate next steps, which may include a variety of actions, including but not limited to adjusting a clerkship schedule, student removal from clerkships, or completing a remediation plan.
In addition, students must take the COMLEX Level 2 CE before July 31st and COMLEX Level 2 PE between July 1st but before August 31st of their fourth year, respectively, unless an extension is granted by the Assistant/Associate Dean of Student Affairs.

SCOPE

Describe what and to whom this policy applies

This policy applies only to the Class of 2021

POLICY STATEMENT

Describe policy and reason for policy
On June 3, 2020, due to ongoing concerns related to the COVID-19 pandemic, the NBOME announced its decision to postpone resumption of Level 2-PE testing until September 1, 2020. The scheduling change has complicated the ability of some students with 2021 graduation dates to complete examinations by the end of the 2020-21 academic year.

Policy intro:

This policy statement is in response to the guidance for COMs issued by the COCA on June 5, 2020 and applies to the Class of 2021 who would normally be scheduled to complete their COMLEX-USA Level 2-PE in the summer of 2020. This policy was updated based on information from the NBOME on October 23, 2020. This policy does not apply to the COMLEX-USA Level 2-CE. Successful completion of a licensing exam sequence will be required for licensure to practice.

The 2PE as a graduation requirement will be waived for the Class of 2021, given that the NBOME has postponed the examination until April 2021. Students will be allowed to graduate and receive the DO degree without having passed or taken the COMLEX-USA Level 2-PE provided that the students:

1. Have satisfactorily completed all other requirements for graduation as determined by MU-COM
2. Have satisfactorily completed an MU-COM competency based assessment in lieu of the Level 2-PE
3. Have been recommended for graduation by the Student Promotion and Progress Committee (SPAPC) to the Faculty Association (FA) for the granting of the D.O. degree

MU-COM will:

1. Ensure that the student's residency training program is advised that the student must still successfully complete and pass the COMLEX-USA Level 2-PE
2. Track student data and ensure that all MU-COM graduates from Class of 2021 complete and pass the COMLEX-USA Level 2-PE
3. Deliver an MU-COM competency based assessment in lieu of the Level 2-PE
4. Provide to the COCA (at predoc@osteopathic.org) the minutes of the SPAPC and the FA meetings where the students' graduation requirements are reviewed

RELATED POLICIES AND OTHER REFERENCES

**Appendix F: Scholarly Activities Policies**

**Policy 8.4: Student Participation in Research and Scholarly Activity**

**SCOPE**

Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

**POLICY STATEMENT**

Describe policy and reason for policy

MU-COM support student driven research and scholarly activity, as well as student participation in the research and scholarly activities of the faculty.

Policy Introduction:

This policy statement is in response to COCA accreditation standard 8.4 and applies to all students enrolled at MU-COM.

**Research and Scholarly Activity**

Research encompasses a breadth of forms including laboratory studies, social or behavioral investigation or biomedical and clinical trials. Marian University has an obligation to comply with
all Federal regulations that relate to each of these areas of research endeavor and by extension ensure that students who are actively involved in research also comply. To this end a compendium of information is provided at [https://tinyurl.com/MU-COM-research-policies](https://tinyurl.com/MU-COM-research-policies).

During orientation students are required to become acquainted with specific policy governing student involvement in research which is found at [https://tinyurl.com/MU-COM-student-research-policy](https://tinyurl.com/MU-COM-student-research-policy). This policy stipulates that any student engaging in research either on campus or at another institution must report this to the COM through the use [http://tinyurl.com/MU-COM-student-research](http://tinyurl.com/MU-COM-student-research).

**Research-Related Absences from Mandatory Events**

Absence requests to attend meetings are handled on an individual basis with the course director and must be arranged in advance. Having a paper accepted for presentation does not automatically entitle a student to be absent from a required activity.

### Appendix G: Student Policies

**Policy 9.1: Minimum Technical Standards**

<table>

</tbody>
</table>

**ADMINISTRATOR RESPONSIBLE**

Assistant/Associate Dean of Student Affairs

**SCOPE**

Describe what and to whom this policy applies

This policy applies to all potential and enrolled osteopathic medical students.

**POLICY STATEMENT**
Describe policy and reason for policy

MU-COM is committed to the admission and matriculation of qualified students and does not discriminate on the basis of race, ethnicity, color, sex, sexual orientation, gender, gender identity, national origin, age or disabilities, and religion. Regarding disabled (or physically challenged) individuals the College will not discriminate against such individuals who are otherwise qualified, but the College expects that minimal technical standards be met by all applicants and students as set forthherein. Students must have the ability to see, hear, and touch independently to optimally assess the physical, mental, and emotional status of patients. Where a deficiency occurs, it must be compensated with the aid of prosthetics to the extent that the student's functioning is equal to that of a non-impaired student. Reasonable adaptations are those that will enable the osteopathic student to function independently and, when necessary, in a team-like fashion with other health professionals in an unimpaired manner.

The following standards reflect what has been determined to be reasonable expectations of osteopathic medical students and physicians in performing common and important functions, keeping in mind the safety and welfare of the patients for whom our graduates will care.

Policy intro:
This policy statement is in response to COCA accreditation standard 9.1 and applies to all potential and current osteopathic medical students.

**Observation & Visual Integration**
Applicants and students must have sufficient visual capabilities to observe demonstrations, experiments, and laboratory exercises in the basic and clinical sciences, as well as proper evaluation and treatment integration in order to assess asymmetry, range of motion, and tissue color and texture changes. They must be able to observe a patient accurately at varying distances and with the ability to discern non-verbal communication.

**Communication**
Applicants and students should be able to speak, hear and observe patients in order to elicit information, examine patients, describe changes in mood, activity and posture, and perceive nonverbal communication. They must be able to communicate effectively and sensitively with patients in English. Communication includes not only speech but also reading and writing. Applicants and students must be able to communicate effectively and efficiently in oral and written form with all members of the health care team in English.

**Motor Function**
Applicants and students must have sufficient motor function to execute movements reasonably required to provide general care and emergency treatment to patients. Examples of movements reasonably required of physicians include, but are not limited to, cardiopulmonary resuscitation, administration of intravenous medication, the application of pressure to stop bleeding, the opening of obstructed airways, the suturing of simple wounds, the performance of obstetrical maneuvers and osteopathic manipulative medicine. Such
actions require coordination of both gross and fine muscular movements, equilibrium and functional use of the senses of touch and vision.

**Sensory Skills**

Applicants and students of osteopathic medicine must possess an enhanced ability to use their sensory skills. Individuals with disabilities who have significant tactile sensory or proprioceptive disabilities may require a thorough evaluation to determine if they are otherwise qualified, with or without reasonable accommodation. Such individuals may include those with significant previous burns, sensory motor deficits, cicatrix formation and malformations of the upper extremities.

**Strength and Mobility**

Medical treatments, such as osteopathic manipulative medicine and cardio pulmonary resuscitation, often require upright posture with sufficient upper and lower extremity and overall body strength and mobility. Individuals with disabilities who have significant limitations in these areas may require evaluation to determine if they are otherwise qualified, with or without reasonable accommodation.

**Intellectual, Conceptual, Integrative and Quantitative Abilities**

Applicants and students must be able to concentrate, analyze and interpret data, and make decisions within areas in which there is a reasonable amount of visual and auditory distraction. They must perform these functions under a time limitation and do so under a reasonable amount of stress, as physicians are expected to be able to perform such duties in diverse clinical settings where others may be present and where there is a certain degree of noise. Applicants and students must be able to accurately write prescriptions, accurately perform basic mathematical functions, and accurately and quickly read charts with minimal error in areas where there may be distractions. They also must demonstrate ability to comprehend three-dimensional relationships, and to understand spatial relationships of structures.

**Behavioral and Social Attributes**

Applicants and students must possess the emotional health required for full utilization of their intellectual abilities, exercise good judgment, and promptly complete all responsibilities attendant to the diagnosis and care of patients and the development of mature, sensitive and effective professional relationships with patients. Applicants and students must be able to tolerate physically taxing workloads and adapt to changing environments, display flexibility and learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities that will be assessed during the admissions and educational processes.

**Participation in Osteopathic Manipulative Medicine Laboratory and Clinical Care Encounters**

Active participation in Osteopathic Manipulative Medicine Laboratories and Clinical Care Encounters is an admission, matriculation and graduation requirement. During Osteopathic Manipulative Medicine laboratory and clinical care encounters, it is imperative to the educational process that the body region being examined and/or treated will need to be exposed for observation, palpation and treatment. The examination and treatment must be conducted in a respectful and professional manner. The development of palpatory skills used for diagnosis and treatment is significant and required in osteopathic medical schools. Stedman’s Medical Dictionary defines “palpation” as examination with the hands and fingers, touching, feeling or perceiving by the sense of touch. Palpation in the osteopathic educational context is the use of touch to examine the body.
Palpatory skills are used in all areas of osteopathic medical practice and are especially important in the evaluation and treatment of the musculoskeletal system.

The development of palpatory skills and ability to perform osteopathic treatments are initiated in the first- and second-year labs. This learning requires active participation in all laboratory sessions where students palpate and will experience palpation by their peers and instructors of both genders to enhance the development of their own palpatory skills. Each student will palpate a variety of people with different body types to simulate the diversity of patients expected in a practice setting. Fingernails must be trimmed so as not to impair palpation or cause discomfort to the person being palpated.

The osteopathic medical profession uses a variety of treatment models through which the student will learn the art, science and skills of osteopathic manipulative treatment. Psychomotor skills are developed by repetition and reinforcement. Reading and observation, while helpful in understanding the didactic concepts, do not develop the skills required to perform palpatory diagnosis and manipulative treatment. Each student is required to actively participate in all skill development sessions.

**Dress Code in Osteopathic Principles and Practice Laboratories**

The dress requirement in clinical skills training sessions is designed to promote learning by providing optimal access to diagnostic observation and palpatory experience. Wearing inappropriate clothing interferes with a partner’s experience of diagnosis and treatment. Appropriate attire must be clean and includes:

- Shorts which are several inches above the knee - (no jean shorts, cut-offs, cargo, thick-seamed shorts, spandex, short shorts or knee length shorts)
- T-shirts - both genders will be asked to remove t-shirts while acting as patients.
- Sports bras or bathing suit tops for women - these should expose the spine and ribs (not wide t-back styles).
- Students may wear scrubs (or other apparel approved by the course director) over the laboratory attire when not in the role of the patient.
- When in the role of the patient, each student is expected to remove her/his shoes (no shoes are permitted on the tables).
- Hats or head coverings (other than for religious purposes) are not permitted in lab.
- Religious head coverings must be modified when necessary to allow palpation when they would obscure the immediate area to be examined or treated (e.g., head, neck, upper back). Modifications can include: adjustment of the covering permitting unobstructed palpation beneath the covering; or substitution of a thinner material that allows for adequate evaluation and treatment.
- Each student must be appropriately attired before class begins. Failure to be appropriately attired for class impedes the educational process and will not be tolerated.

Any student with a pre-existing health problem that may preclude examination and/or treatment in a clinical skills laboratory is required to submit a written request for limitation and/or exclusion to the department chair (or designee) and present appropriate medical documentation. A physician member of the department will review this information on a case-by-case basis, and may require additional diagnostic measures. The department member reviewing the case will determine any limitation or exclusion from participation, and the student will be notified in writing of the decision.
Self-Assessment and Meeting Technical Standards:
MU-COM is committed to making the accommodations that make a student successful. MU-COM has provided accommodations to many students with various disabilities that have enabled the student to be successful. MU-COM is also committed to a safe and effective environment for patients, MU-COM students, faculty, staff, and visitors. If a student has a question as to his/her ability to meet the minimal technical standards listed above, he or she should contact the Office of Enrollment Management in advance of applying to determine if the standard can be met with accommodations or so reasonable testing may occur in advance. Students must identify to the Office of Enrollment Management, all areas where accommodations are needed in order to be successful in the educational program or where there is question in meeting these technical standards.

</table>
Policy Introduction:

This policy statement is in response to COCA accreditation standard 9.2 and applies to all students enrolled in the doctorate of osteopathic medicine program.

1.1. Promotion and Retention

Students are required to complete all program requirements in order to graduate from MU-COM with a doctorate of osteopathic medicine.

1.1.1. Promotion

1.1.1.1. Students who complete all curricular requirements at the completion of year one will be recommended for promotion to year two.

1.1.1.2. Students who complete all curricular requirements at the completion of year two and have passed COMLEX Level 1, will be recommended for promotion to year three.

1.1.1.3. Students who complete all curriculum requirements at the completion of year three will be recommended for promotion to year four.

1.1.1.4. Students who complete all curriculum and graduation requirements by the completion of year four will be recommended for graduation. Students who have not met all requirements for graduation will not be recommended to graduate.

1.1.2. Retention

1.1.2.1. Good Academic Standing: An enrolled student is in good academic standing when eligible to continue in the curriculum, to transfer to another medical school or to graduate.

1.1.2.2. Monitored Academic Status: A student who fails a single course or clerkship, or has failed a single attempt at a COMLEX exam, will be placed on monitored academic status.

1.1.2.2.1. When placed on monitored academic status for a failure of a preclerkship course the student is required to meet with learning support specialist and create a student success plan. The plan will identify deficiencies in his or her knowledge, skill or attitude and establish a plan to remediate those deficiencies.

1.1.2.2.2. When placed on monitored academic status for a failure of a single attempt of a COMLEX exam, the student is required to meet with the Assistant/Associate Dean of Academic Affairs and create a student success plan.

1.1.2.2.3. When placed on monitored academic status for the failure of a single clerkship, the student is required to meet with the Assistant/Associate Dean of Clinical Affairs to create a student success plan.

1.1.2.2.4. The student on monitored academic status is permitted to take the remediation experience associated with the failed course or rotation without review or permission from the SPAPC.
1.1.2.2.5. The monitored academic status will be removed when the student passes the remediation experience associated with the failed course or rotation or has passed the second attempt of the COMLEX. In addition, the student must create a student success plan.

1.1.2.3. Academic Warning: A student is placed on academic warning due to a demonstrated unsatisfactory level of performance that places the student at risk for additional failures, or dismissal, if not addressed.

1.1.2.3.1. A student is placed on academic warning if he or she fails more than one course or rotation or fails two or more COMLEX licensure examinations.

1.1.2.3.2. Students placed on academic warning are required to appear at a meeting of the SPAPC.

1.1.2.3.3. If a student fails a course or rotation and does not pass the corresponding remediation, he or she will be placed on academic warning.

1.1.2.3.4. A student on academic warning is not permitted to take a remediation experience associated with a failed course or rotation unless permission is given by the SPAPC.

1.1.2.3.5. The SPAPC will provide the student with requirements necessary to remediate identified deficiencies in his or her knowledge, skill or attitude.

1.1.2.3.6. The academic warning status will be removed when the student satisfies the requirements outlined by the SPAPC.

1.1.2.4. Academic Probation: A student is placed on academic probation when a student fails to remediate his or her deficiencies related to knowledge, skills or attitudes and is at risk of dismissal.

1.1.2.4.1. A student who did not satisfy the requirements necessary to remove the academic warning status will be placed on probation.

1.1.2.4.2. A student on probation is required to meet with the SPAPC, who will determine terms of the probation and duration, not to exceed one academic year.

1.1.2.4.3. The academic probation status will be removed when the student satisfies the requirements outlined by the SPAPC.

1.1.2.4.4. If unable to satisfy the terms of the probationary status, a student will be dismissed.

1.1.2.4.5. The status of academic probation will be reported to third party entities with a need to know.

1.1.2.5. Dismissal: The status given to a student who is no longer enrolled at MU-COM.

1.1.2.5.1. The SPAPC may make the determination to dismiss due to an student’s inability to:

1.1.2.5.1.1. meet the school’s technical standards,

1.1.2.5.1.2. successfully remediate deficiencies in knowledge, skill or attitude

1.1.2.5.1.3. complete the program in 6 years,

1.1.2.5.1.4. obtain a passing score on COMLEX Level 1, LEVEL 2CE or 2PE after 3 attempts on any single level of the exam.

1.6 Student Promotion and Academic Progress Committee

1.6.1 The SPAPC convenes three times a year, at the conclusion of the spring, summer and fall semesters, to meet with students who are: on academic warning, on academic
probation, or are requesting to return from a leave of absence that exceeds one academic year (continuous or recurrent).

1.6.1 The SPAPC may convene additional meetings as needed to engage in continuous quality improvement. These meetings will not include students or and individual student data will not be reviewed.

1.6.2 At the conclusion of the fall semester, the committee will make recommendations for student graduation.

1.6.3 The SPAPC will adopt procedures consistent with this document.

1.7 Student Rights
Students who appear on the SPAPC agenda are afforded the following rights, to:

1.7.1 Ask for and receive from the MU-COM office of student affairs an explanation as to why they are required to attend a meeting of the SPAPC and a copy of the committee’s procedures.

1.7.2 Have an opportunity to discuss their academic progress and deficiencies with a learning support specialist or Assistant/Associate Dean of Student Affairs.

1.7.3 Have an opportunity to submit a written statement to the SPAPC accounting for the failure(s), extenuating circumstances, proposed approaches for remediation, or any other information the student believes may be relevant to the committee.

1.7.4 Be accompanied to the meeting by an advocate of his or her choice. An attorney is not considered an advocate and will not be permitted into the hearing.

1.7.5 Receive a written letter detailing the decision of the committee.

1.7.6 Appeal the decision of the SPAPC within 3 business days of receipt of written notice to the appropriate subcommittee of the SPAPC.

SCOPE

Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM.

POLICY STATEMENT

Describe policy and reason for policy

To articulate the tuition and fee structure, including refunds, at Marian University.

Policy intro:

This policy statement is in response to COCA accreditation standard 9.2 applies to all students enrolled at MU-COM.

Tuition and fees are due and payable in full at registration unless special arrangements are made with the Business Office. The Marian University Board of Trustees reserves the right to change the schedule of tuition and fees, without advance notice, and to make such changes applicable to present as well as future students of the MU-COM, and to establish additional fees or charges for special services whenever, in their opinion, such actions are deemed appropriate.

The MU-COM will allow an incoming student to defer payment on those tuition amounts which will be paid from the proceeds of loans to be received by the MU-COM.

The incoming student must have completed all paperwork pertinent to those loans and all materials must have been sent to the respective lending agency prior to the due date.

Incoming students are expected to endorse loan proceeds (if lender sends a paper check to the college) promptly when received by the college. If an incoming student does not endorse the check(s) within the authorized time, late fees on the balance payable by the loan will be applied retroactively.

Those incoming students who have applied for loans to pay part of their obligation and plan to pay the remaining balance from personal sources are required to pay that balance as of the tuition due date.

Students enrolled at MU-COM may be required to take summer remediation courses based on their performance in a prior course. If course remediation takes place at MU, there will be a fee
for that course remediation. Student loans are not available to cover remediated courses. If the student remediates a course at a different University, the student will be responsible for arranging payment options for the course with that University and clarifying with the other University whether student loans or other aid might be available for this course. Additional information about tuition and fees can be found here https://www.marian.edu/business-office/tuition-and-fee-payment-policy

Exceptions for Late Admission
In the event that a student receives and accepts a late admission to the first year of study, an exception to the tuition due date will be considered if the appropriate loan application is filed.

Consequence of Non-Payment
The Business Office is charged with the responsibility of notifying the Office of the Registrar of those students to be dropped from classes or training assignments for non-payment. Students may be dropped or administratively withdrawn from the University if they have not satisfied their financial obligations with the University. Students who have been dropped or administratively withdrawn from the University for non-payment will not be permitted to enroll in classes or clerkships and cannot take COMLEX-USA examinations until their financial obligations with the University have been satisfied.

Outstanding Balances and Promotion/Graduation
Students with unpaid student account balances will not receive diplomas, official transcripts or any other official academic records from the University. Students with unpaid balances may participate in graduation exercises.

Tuition and Fee Refunds
Refunds of student account overpayments are disbursed electronically through direct deposit or mailed from the University’s third-party processor, Nelnet, no later than Friday of the same week. Students are responsible for maintaining current address information on the MUHUB student record system for prompt receipt of checks by mail. Direct deposit is the preferred refund method. Direct deposit may be set up through Payment and Refund Preference link found under the finance section of MUHUB.

A student who withdraws from MU, or individual courses offered by MU, may be entitled to full or partial reduction of charges. Reduction of charges is based on the official date of withdrawal as recorded in the Office of the Registrar. Students should consult with the Office of Financial Aid about the impact that withdrawal may have on financial aid awards.

**ADMINISTRATOR RESPONSIBLE**

Assistant/Associate Dean of Academic Affairs

**POLICY STATEMENT**

Describe policy and reason for policy

For required courses, students must follow the requirements outlined in the course syllabus. Receiving an excused absence from a course activity does not affect the expectation that the student will meet the course requirements as outlined in the course syllabus.

Student participation in scheduled courses is expected and can be used in faculty’s assessment of student performance. The MU-COM supports and understands the right of the faculty to expect student attendance and participation in many curricular components and the need to impose consequences if those expectations are not met.

COCA Standard 9.2 “A COM must publish and follow policies and procedures on academic standards that include grading, class attendance, tuition and fees, refunds, student promotion, retention, graduation, students’ rights and responsibilities, and the filing of grievances and appeals.”

**Policy Introduction:**

This policy statement is in response to COCA accreditation standard 9.2 and applies to all students enrolled at MU-COM who are in their 1st or 2nd year of the D.O. program or are enrolled in the BMS program.

In the spirit of professional behavior and the mastery of defined educational objectives, students are expected to attend all mandatory class sessions (e.g., lectures, laboratories) and take all examinations during their originally scheduled times. If this is not possible, the student must request an excused absence. If an excused absence is not obtained, the course director(s) may give the student a “zero” or impose other penalties as stated in the syllabus for any missed
educational or classroom (online, virtual or in-person) events, which may result in a failing grade for the course(s).

Receipt of an excused absence does not relieve the student from responsibilities for missed mandatory class sessions and examinations, or guarantee that the missed event can be replicated. In addition, issuance of excused absences may delay the release of scores related to assessments.

It is possible that an excused absence will not be granted, and it is the responsibility of the student to refer to course syllabus to understand daily requirements, responsibilities and the consequences of not completing these requirements.

To obtain an excused absence, you need to contact Elizabeth Petsche at empetsche@marian.edu prior to the scheduled mandatory class session(s) or the administration of an examination(s).

Health and Wellness:

Daily Health Screening: Students will be required to check the Marian Health Screening app (Campus Shield) each morning and follow guidelines within the app regarding their results. If directed to seek medical guidance students should:

   a. Email Elizabeth Petsche that they cannot come to class due to health reasons
   b. Contact the Health Center at 317-955-6154
   c. To support community wellness, if you have seen another health care provider and are self-isolating, please inform the Health Center at 317-955-6154
   d. Complete course requirements per class instructions. Instructor will provide specific instructions for the missed class period(s).

Students must notify Elizabeth Petsche about any absence as soon as practical, but no more than 48 hours after a missed mandatory event, so that accommodations may be made. Please note that documentation (a Doctor’s note) for medical excuses may be required, and requests made more than 48 hours after a missed event may be denied.

When there is Non-Urgent or Advance Notice of Absence:

A student must submit his or her excused absence request to Elizabeth Petsche at least two weeks in advance of the scheduled mandatory class session(s) or examination(s). The request for an excused absence will be considered and the student will be notified of a decision in a timely fashion. Retroactive excused absence requests will not be accepted.

Conferences, Conventions, Meetings, College Sponsored Activities

Students are encouraged to participate locally, regionally, nationally and internationally with student organizations and other medically related groups, as long as it can be done safely. Because of safety concerns involving COVID, requests to attend conferences, conventions and meetings outside the state of Indiana will not be approved.

MU-COM recognizes the student's academic program to be the priority and it is the students' responsibility to fulfill all course requirements.
Policy 9.2.5: Academic Standards – Clerkship Attendance

**POLICY NAME**  Accreditation Standard 9.2: Academic Standards – Clerkship Attendance  **POLICY NO.**  9.2.5

**EFFECTIVE DATE**  8/13/2020  **DATE OF LAST REVISION**  8/11/2020  **VERSION NO.**  1

**ADMINISTRATOR RESPONSIBLE**  Assistant/Associate Dean of Clinical Affairs

**SCOPE**

Describe what and to whom this policy applies

This policy applies to all students enrolled at MU-COM who are in their 3rd or 4th years.

**POLICY STATEMENT**

Describe policy and reason for policy

Clerkship students are expected to attend and engage in all learning opportunities as defined by the preceptor or course director unless it violates the Guidelines for Student Clerkship Work Hours. Normal work hours will be determined by the preceptor or course director and must meet the educational goals of the rotation and clerkship, clinic and hospital service; this may include call, night float, and weekend hours.
Policy Introduction:

This policy statement is in response to COCA accreditation standard 9.2 and applies to all students enrolled at MU-COM who are in their 3rd or 4th year.

To receive five (5) credit hours for a one-month clinical rotation, MU-COM requires that students complete at least 140 hours clinically-relevant activities. These activities can include, but are not limited to: direct patient care, participating in teaching rounds and patient conferences, reviewing literature, completing required rotation-specific reading assignments and online modules, and engaging in indirect patient care (ie: Telemedicine).

The expectation is 100% attendance. However, safety is a priority and if an absence is unavoidable please follow the following guidelines:

- Any absence (unless emergent) must be approved in advance by the preceptor or course director. The time off for these absences should be made up through coordination with the preceptor or course director.

- Any emergent absence should be reported to the preceptor or course director and to the MU-COM Clerkship Coordinator within 24 hours of the event (this is not meant to be punitive, rather to keep MU-COM informed in case the preceptor inquires about the student or if the situation requires further absences).

Health and Wellness:

Daily Health Screening for COVID: Students will be required to utilize the Marian Health Screening app (Campus Shield) OR clinical site specific screening procedures each morning and follow guidelines regarding their results. If directed to seek medical guidance students should:

- Contact your preceptor or program coordinator
- Contact the Health Center at 317-955-6154
- To support community wellness, if you have seen another health care provider and are self-isolating, please inform the Health Center at 317-955-6154
- Work with the Asst Dean of the Physician Continuum to complete course requirements. If your situation will require extended absences, please contact Asst Dean of Student Affairs.

Students must notify the course director and preceptor about an absence as soon as practical, but within 48 hours. Please note that documentation (a Doctor’s note) for medical excuses may be required.
• If the student does not submit such evidence, the absences will remain unexcused.
• Excessive unexcused absences are considered a lack of professionalism and may result in 5% reduction in the final rotation grade.

Prolonged illness and bereavement will be handled on a case-by-case basis with Student Affairs, Clinical Affairs, and the clinical site.

Days off that are approved through MU-COM (ie: extended illness, bereavement, interviews, COMLEX, conferences, etc) will be communicated by the Clerkship Coordinators to the preceptor.

Repeated infractions will result in referral to the Committee on Professionalism and Ethics.

Holidays
Students on clinical rotations may request an absence to observe a religious holiday from their preceptor. Details of the absence will be worked out directly between the student and the preceptor on an individual basis. Modifications to schedules (including breaks for prayer), will be supported as long as these requests do not alter the fundamental requirements of the clinical rotation, require substantial program modification, or pose safety risks to patients. Allotted non-work days may need to be used to allow for schedule adjustments or to make up missed time that results from religious holidays or other religious-related absences. Students should make such requests of the preceptor as soon as possible after the student’s clinical rotation schedule is known or, at the latest, at the beginning of a rotation.

Vacations
Students are allotted a total of 4 weeks of vacation time during their third and fourth year clerkships, and can be taken in ½ month or full month increments.

If a student chooses to use vacation time during the third year, it must be taken during the scheduled elective/vacation block. Vacation time cannot be scheduled when a student is scheduled for a core clerkship.

Interview Leave
If, during their fourth year, a student has an interview they will only be permitted to take a maximum of four (4) days off of a rotation for an interview, including travel time. Students must complete an Interview Leave Request Form and submit to the Clerkship Coordinators for approval from the Course Director. Any excessive time outside of the 4 day limit could result in a failing grade for that rotation. Any time taken for interviews without prior approval will be considered unexcused and subject to disciplinary actions.

Conference Participation

Days off that are approved through MU-COM (ie: extended illness, bereavement, interviews, COMLEX, conferences, etc) will be communicated by the Clerkship Coordinators to the preceptor.
Please see the Student Handbook for further details about absences, vacation, conference, and interview days.

While on core rotations, no excused absences for any professional meeting will be allowed unless the student is presenting research in which they have participated. If a student is presenting research, he/she will be provided only 1 excused absence in an academic year to present that content.

While on selective/elective rotations a student may submit a request for an excused absence to attend one (1) professional meeting if the following requirements are satisfied:

1. Students who are presenting research, and are able to provide documentation confirming this with their request for absence.
2. Students representing a committee or serving in a leadership capacity, and is obligated to attend based upon the position held.
3. Students who are requesting to attend a conference who are not presenting or serving in an official capacity must provide evidence that there is programming directed specifically at students and/or residents (such as a brochure/website description of same) at the conference.

If approved, a maximum of 3 days will be excused for conference attendance. Due to COVID, travel restrictions may apply to in-person conferences and meetings.

SCOPE

Describe what and to whom this policy applies

This policy applies to all faculty and students enrolled at MU-COM.

POLICY STATEMENT

Describe policy and reason for policy

Effectual learning is best achieved through the use of well-designed and deployed assessment activities that provide frequent, formative feedback for MU-COM’s students, faculty, staff, and administration. Individual courses are expected to guide and support student learning using evaluation techniques that are valid and reliable. MU-COM’s assessments align with academic norms across medical schools.

</tbody>
</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 9.2 applies to all faculty and students enrolled at MU-COM.

Assessment procedures (the majority of which are dependent upon multiple choice question format [MCQs]) will include the following activities and follow the practice of national organizations that administer licensing examinations:
Pre-Test (Exam Assembly)
Item distribution and difficulty should sufficiently sample learning outcomes and match instructional activities

Item Editing
Items should be vetted for accuracy and readability
Window dressing, red herrings, and pseudo-cases should be avoided

Key Validation
Item analysis should be conducted using appropriate psychometric parameters
Rescoring should be conducted to align with student ability and competence

Feedback
i. Students: Some form of feedback must be provided in an effective and timely manner for all assessments with the exception of course final examinations
ii. Course Director(s), Faculty and Staff: A summary of item and examination performance must be shared with those involved in the design and assembly of the assessment

End of Course Grades (Reporting)
End of course grades should be determined considering the Conditional Standard Error of Measurement (SEM) for the aggregate of all multiple choice examinations included in the final course grade.

i. Course Grades – Course grades should be assigned and submitted in alignment with the policies of the Marian University Registrar’s Office.
ii. Rounding – All final course grades must be rounded to the nearest whole number (< 0.49 is rounded downward; > 0.50 is rounded upward)

Remediation
Inadequate achievement (i.e., course failure) must be remediated through retesting (section(s) or a comprehensive single examination) or retaking the entire course and should be determined using a defensible method guided by the magnitude of the inadequacy of competency

Course Review
The Course Review must be completed and submitted by the Course Director within the timeframe determined by the Curriculum Committee, not to exceed 12 weeks from the time of final grade submission to the Registrar. The Curriculum Committee will evaluate the review and provide feedback and/or recommendations to the Course Director within 8 weeks of the date the submission was received.

SCOPE

This policy applies to all potential applicants to MU-COM.

Describe what and to whom this policy applies

POLICY STATEMENT

Describe policy and reason for policy

To articulate expectations regarding transfer or admissions with advanced standing. MU-COM may only accept credits from a school accredited by COCA or the LCME where the student is eligible for readmission. MU-COM will ensure that if transfer occurs from an LCME accredited school of medicine, the student must acquire OMM/OPP competency prior to graduation from MU-COM. The last two years of education must be completed at MU-COM.

Policy intro:

This policy statement is in response to COCA accreditation standard 9.3 applies to all potential applicants to MU-COM.

Transfer Policy

Transfer applications will be considered only when there is a compelling need for transfer and the applicant is in good academic standing, or eligible for readmission, at a COCA or LCME accredited medical school.

Accepted transfer applicants are required to complete the final two years of their education at MU-COM. When applicants transfer from a LCME accredited medical school, MU-COM will articulate to the applicant the requirements necessary to obtain competence in osteopathic manipulative medicine and osteopathic principles and practice.
Advanced Standing Policy
Individuals with course work completed in international medical schools or in programs that lead to other professional or academic credentials are not eligible for admission to MU-COM with advanced standing. Individuals who already hold the degree of doctor of medicine from either a US or international institution will not be considered for admission with advanced standing.

Record retention schedule:
This records retention schedule is based on recommendations developed by the American Association of Collegiate Registrars and Admission Officers’ (AACRAO) Retention of Records: Guide for Retention and Disposal of Student Records (2000 Edition), recommendations from the Office of the Registrar, and the Marian University College of Osteopathic Medicine (MU-COM).

While varied stakeholders serve important roles in the course of a student's enrollment, coursework, and graduation, the Office of the Registrar maintains the official student file and educational record for all MU-COM students. "Education records" are records that are directly related to a student and that are maintained by an educational agency or institution or a party acting for or on behalf of the agency or institution.

Copies of student education records accumulated by other stakeholders or units need not be retained beyond the period of their administrative use in those units' offices. By following this records retention schedule, campus units may dispose of student records and copies of records when their retention is no longer necessary. Disposal of records will be completed in accordance with internal procedures of the department.

The student records covered by this schedule contain confidential information protected by federal and state law, including FERPA. Any release of student records requires written authorization from the student. This documentation is kept in the student's individual academic file. In all cases, student information is considered strictly confidential and kept in a secured filing system that is only accessible to authorized personnel.
FERPA

All MU-COM individuals with access to confidential student data are required to complete an online Federal Family Education Rights and Privacy Act (FERPA) training module upon hire and then annually. The training module was created by the Department of Education and is available here [https://studentprivacy.ed.gov/training/ferpa-101-colleges-universities](https://studentprivacy.ed.gov/training/ferpa-101-colleges-universities).

All student records are confidential and strict adherence to FERPA and MU Guidelines for Access to Student Information is followed.

All “need to know” requests for student information by those who have a “legitimate educational interest” are screened by the Office of the Registrar, and a determination made according to established guidelines. Legitimate Educational Interest is defined as an individual has a legitimate educational interest in education records if the information or record is relevant and necessary to the accomplishment of some employment or other institutional task, service, or function.

SCOPE

Describe what and to whom this policy applies

This policy applies to all MU-COM faculty, staff and students.

POLICY STATEMENT

Describe policy and reason for policy

Students will have access to a confidential, effective system of counseling and mental healthcare. A mental health representative must be accessible 24 hours a day, 365 days a year, from all location where students receive education from MU-COM.

Policy intro:

This policy statement is in response to COCA accreditation standard 9.8 applies to students enrolled at MU-COM.

The Counseling and Consultation Services Office is a resource center for the Marian University community. The staff provides academic support services, personal counseling, and consultation to students. Services are provided at no charge to students who are currently enrolled. The Counseling and Consultation Services Office is located in Clare Hall and students may schedule appointments by calling 317.955.6150. The Counseling and Consultation Services Office provides the following resources and programs:

Assessment and Screening
Individual assessments are given to screen for learning difficulties, attention deficit issues, learning style, substance abuse, depression, anxiety, or eating disorders. Referrals off campus for assessment and long-term treatment are available.

Behavioral Health Crisis Intervention
Confidential behavioral healthcare services are available to Marian University students 24 hours per day, 7 days per week. Marian University has licensed psychologists and mental health care providers on campus. Those needing or desiring care off campus are given an extensive referral list to both community mental health centers and to licensed behavioral and mental health professionals. Students in crisis after hours are directed to call 317.251.7575 for the MHA Indy Crisis Line or 317.955.6789 for the Marian University dispatcher who can refer the student to the on-call psychologist.

Individual Counseling
Individual counseling is available to assist students who are experiencing problems that interfere with the attainment of their academic, interpersonal, spiritual, and vocational goals. Students may seek counseling for a variety of reasons, some of which may include problems with adjustment to University life, family conflicts, relationship difficulties, depression, anxiety, eating disorders, and substance abuse. The Counseling and Consultation Services Office is designed to handle acute and short-term mental health situations. Referrals to off-campus community
agencies may be necessary and are available. Off-campus referrals are at the student’s expense.

**Audiovisual Resources**
Audio and video tapes and resource books are available for check-out on topics such as time management, anxiety, stress management, depression, eating disorders, substance abuse, personal growth and development, and many others.

**WellConnect by Student Resource Services**
In addition to all student resources provided to students in years 1 and 2, clerkship students also have access to an online service called WellConnect.

WellConnect is a professional, confidential service provided by MU-COM to give students immediate access to a comprehensive network of experts and. This service is available 24 hours a day, 7 days a week and is available at no cost to students.

Students can register for an account at [https://wellconnect.cuthrive.com/register.jsp](https://wellconnect.cuthrive.com/register.jsp).

### SCOPE
Describe what and to whom this policy applies
This policy applies to any individual who is involved in the teaching, assessment or evaluation of students currently enrolled at MU-COM.

POLICY STATEMENT

Describe policy and reason for policy

To ensure that any health professional providing health services, through a physician-patient relationship, must recuse him/herself from the academic assessment or promotion of the student receiving those services.

TERMS AND DEFINITIONS

Define any acronyms, jargon, or terms that might have multiple meanings.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Policy intro:

This policy statement is in response to COCA accreditation standard 9.10 and applies to any individual involved in the teaching, assessment or evaluation of students currently enrolled at MU-COM.

- Clinical Preceptors
  - Students may receive health care services, through a therapeutic relationship, from an assigned clinical preceptor so long as that provider recuses himself or herself from any and all academic assessment or decisions regarding promotion of the student receiving those services.

  It is the responsibility of the clinical preceptor and/or student to notify the school if a therapeutic relationship has been created. Upon notification, MU-COM will take the steps necessary

- Full-time or Part-time MU-COM Faculty
  - MU-COM faculty may not engage in a therapeutic relationship with students currently enrolled in the DO or BMS program.
Policy 9.11: Health Insurance

SCOPE
Describe what and to whom this policy applies

This policy applies to all MU-COM students.

POLICY STATEMENT
Describe policy and reason for policy
MU-COM requires that all osteopathic medical students have health insurance.

Policy Introduction:

This policy statement is in response to COCA accreditation standard 9.11 and applies to any student enrolled at MU-COM.

MU-COM students must maintain health insurance coverage, which must be current at all times. Students must provide proof of insurance when requested. Enrollment in sharing services or discount program, such as Medi-Share, does not satisfy the insurance requirements of this policy.

As a benefit of enrolling in one of Marian University’s graduate health sciences programs, students have access to high quality student health insurance offered at significantly lower rates than most employer plans, family plans, and options on the exchange. Students will receive an email when open enrollment begins. If no action is taken by the end of the open enrollment period, the student will be automatically enrolled in the Marian University Student Health Plan.

For more information about the Student Health Plan you can find a Health Plan Summary and FAQ page at this site – http://www.marianstudentinsurance.com/.

</tbody>
</table>
SCOPE

Describe what and to whom this policy applies

This policy applies to MU-COM faculty and administration.

POLICY STATEMENT

Describe policy and reason for policy

MU-COM will ensure that the curriculum provides content of sufficient breadth and depth to prepare students for entry into a graduate medical education program for the subsequent practice of medicine including pre-doctoral curricula, GME, and CME. This curriculum supports the continuum of osteopathic education - including predoctoral education, graduate medical education, and continuing medical education.

TERMS AND DEFINITIONS

Define any acronyms, jargon, or terms that might have multiple meanings.

<table>

<td>Osteopathic Manipulative Treatment</td>
</tr>
<tr>
<td>OMM</td>
<td>Osteopathic Manipulative Medicine</td>
</tr>
</tbody>
</table>

Policy Introduction:

This policy statement is in response to COCA accreditation standard 10.1 and applies to the entire continuum of osteopathic education.

Structure of Osteopathic Education Continuum

MU-COM integrates osteopathic principles and practice and osteopathic manipulative medicine throughout the four years of the undergraduate medical education curriculum. Students begin learning about osteopathy during orientation and continue that focus throughout their undergraduate experience. Osteopathic considerations are integrated into all basic science courses in addition to the OPP courses. Students also complete longitudinal OMM curricula throughout their clerkship years.

To ensure focus and attention to this important component of the student experience, both the Asst Dean of Academic Affairs and the Asst Dean of Clinical Affairs focus on implementation of the curriculum defined by the Curriculum Committee. This structure ensures that the osteopathic curriculum extends across the continuum: to

to take students above and beyond their preparation included in their didactic and clinical curriculum.
MU-COM’s Director of Graduate Medical Education Advising and Applications meets with students throughout Years 1 and 2 to prepare them for the Match process, including MSPE letters, applications, selection, and interviews. Students may schedule appointments with the Director at any point during the continuum of osteopathic medical education.

MU-COM partners with the Indiana Osteopathic Association (IOA) to offer continuing medical education for local physicians who complete training in osteopathic medicine. MU-COM faculty regularly provide this training and education at local IOA conferences and events and provide associated CME credit. MU-COM faculty also provide faculty development and osteopathic conferences on-site at clinical partners’ sites.

SCOPE

Describe what and to whom this policy applies
This policy applies to MU-COM faculty and administration.

**POLICY STATEMENT**

Describe policy and reason for policy

MU-COM will provide community partners with mechanisms to assist new and existing graduate medical education programs in meeting the requirements for accreditation by the Accreditation Council for Graduate Medical Education.

**TERMS AND DEFINITIONS**

Define any acronyms, jargon, or terms that might have multiple meanings.

<table>

<tr>
<td>ACGME</td>
<td>Accreditation Council for Graduate Medical Education</td>
</tr>
</tbody>
</table>

**Policy Introduction:**

This policy statement is in response to COCA accreditation standard 10.2.

**Structure of Mechanisms that Assist New and Existing GME Programs**

MU-COM’s Assistant Dean for the Continuum of Physician Education serves on the Indiana Board for GME Expansion. This Board meets monthly to discuss initiatives to foster additional GME positions, funding requirements, and advocacy opportunities. MU-COM Clinical Faculty also serve on GME Committees at our largest hospital partners, Community Health Network and Ascension St. Vincent Hospitals. This partnership leads to open lines of communication regarding potential local expansion and additional GME positions.

Clinical Faculty provide presentations and/or training sessions with physicians and residents for clinical partners. These training sessions often focus on fundamentals of OMM/OMT and how to precept OMT.
