Total	84	55%	343	52%		42	69%	169	69%		126	60%	512	58%

Note: This report provides graduation rates for three groups of students: (1) all first-time undergraduates who were enrolled in a full-time program of studies for a baccalaureate degree; (2) all student-athletes from the first group who received athletics aid from the university for any period of time during their freshman year; (3) all students from the first group who received Pell Grants or subsidized Stafford Loans. This data is shown for those entering in 2012--i.e., the most recent graduating class for which the required six years of information is available.

A graduation rate (percent) is a comparison of the number (N) of students who entered the university and the number of those who graduated within six years. The four-class % combines data for all students who entered **in Fall 2011, 2012, 2013, and 2014 and reflects the percent that graduated in six years or less.**

***Pursuant to the Student-Right-to-Know Act, data is not disclosed if the number of students in the given category is five or fewer.
