## Leadership Employer Satisfaction Survey 2022-2023

This report contains 2023 data. Employer satisfaction data for 2024 and 2025 will be available in July 2025

## **Description:**

While the Indiana Department of Education (IDOE) distributes an annual satisfaction survey to recent initial completers and their principals, no such survey is conducted by the state for leadership candidates. In April 2023, the EPP distributed its own satisfaction survey aligned to the Indiana RISE Principal Evaluation Model. The aligned survey includes two domains, six categories, and 23 indicators from the RISE model for building-level leaders.

The survey was sent out electronically through Qualtrics, and individual responses were anonymous. The survey was sent to 20 current supervisors of leadership program completers between August 2020 – December 2022 who were in their leadership role for at least a year. Three supervisors completed the survey with a response rate of 15%.

## **Analysis:**

- All supervisor ratings were for current principals or assistant principals.
- 100% of the respondents reported high overall satisfaction with the preparation program of their school's administrator, who was prepared by the EPP.

## Interpretation:

With a small response set, it is difficult to draw conclusions. However, current supervisors of the EPP's leadership program completers feel a high degree of overall satisfaction with the preparation of their school leaders.
